

Rapid City Sustainability Committee  
February 26, 2013

Rapid City Common Council  
City of Rapid City  
300 6<sup>th</sup> Street  
Rapid City, SD

Dear Ladies and Gentlemen of the Rapid City Common Council:

At the February 25<sup>th</sup> meeting of the Rapid City Sustainability Committee, Kip Harrington presented the Pedestrian Bike Master Plan.

The committee believes that this plan is a vital component to help generate a healthier more active society. Therefore the Sustainability Committee gives Rapid City MPO and the plan their full support. We encourage the council to approve and adopt the Pedestrian Bike plan as part of the Comprehensive Plan. This action will, in effect, encourage future growth and revitalization projects to incorporate the plan's goals into every aspect of Rapid City development.

Thank you for your consideration in this matter.

Sincerely,

A handwritten signature in blue ink that reads "Eirik Heikes". The signature is written in a cursive, slightly slanted style.

Eirik Heikes, PLA, Chairperson  
Standing Committee on Sustainability
