### MEMORANDUM

TO: Mayor Kooiker, City Council, Terry Wolterstorff

FROM: Dale Tech PE/LS, City Engineer

SUBJECT: 0275 Drainage Fund Budget

DATE: August 16, 2013

City Engineering has requested and been approved for \$45,000 annually since 2012 in the 0275 Drainage Fund for Professional Services. The purpose for this budget amount is to insure that funding is available in case changes to one or more of the 21 Drainage Basin Design Plans is necessary due to flooding or unexpected development. The source of revenue for the 0275 Drainage Fund is through the collection of Drainage Basin Fees when a building permit is issued. There have been no expenditures of the budgeted professional services line item in the 0275 Drainage Fund since 2012 but I believe it is important to have the line item available should something occur that would need immediate attention.

EQUAL OPPORTUNITY EMPLOYER
