Public Works Committee/Common Council

RE: Request Authorization to Seek Proposals for Engineering Services for  
Wildwood Drive Reconstruction, Project No. 13-2118 / CIP #50453

This project is located on Wildwood Drive between Sheridan Lake Road and  
Chokecherry Lane.

The project includes reconstruction of streets, water main, sanitary sewer, storm  
sewer, paving and guardrails.

The project is being proposed because drainage needs to be kept inside of right-  
of-way due to litigation involving pine trees killed from roadway salts.

Staff proposes to hire a Consultant to be responsible for:  
Designing the project, bidding the project, and providing construction observation,  
administration and project closeout.

The project is funded from 0834 – Sewer Expansion; 0834 – Sewer Matching;  
0934 – Water Matching; 8910 – Streets; 8911 – Drainage.

The project is estimated to cost \$829,000. This includes design and construction  
costs.

Staff proposes to bid and construct the project in 2014.

Dale Tech, PE  
City Engineer
