

Report to Legal and Finance Committee on February 12, 2014.

1. Received three phone calls about discrimination. Two phone calls were about discrimination during LNI. The two phone calls were made by a person speaking for the complainant. I encouraged them to pick up a discrimination complaint form from the Mayor's office, but they refused. The third phone call was from a lady stating she had been escorted from RC public library for asking questions about a person. The same lady stated she was told to leave the premises of downtown Holiday Inn because she was not a guest. This lady told me she has a head injury and is homeless.
2. There is an ongoing discussion and revision to Ordinance #5964.
3. The 30 second ad about HRC is on local TV stations.
4. HRC continues to discuss training for HRC commissioners.
5. HRC plans to outreach to community and organizations to educate about discrimination.
