Roosevelt Park Pool
RFP #8

Rod-

Please find attached the price proposal from Gustafson Builders for:

- PP for RFP #8 Add West Wall Knock-out for future filter removal \$1,921.68

Though the steel lintel price seems a little high, we acknowledge that it is a separate fabrication sequence and subsequent delivery. We recommend acceptance of the offered price proposals.

If accepted, the item will be included with a future Change Order. Please advise me of determined action by letter.

Sincerely,
Fennell Design Inc.

Gene A. Fennell

SUPPLEMENTAL INSTRUCTIONS

DATE: December 16, 2013

TO: Gene Fennell
201 Main Street, Suite 201
Rapid City, SD 57701

FROM: Albertson Engineering, Inc.
3202 West Main, Suite C
Rapid City, SD 57702

PROJECT: Roosevelt Pool – Pump House Lintel

- In order to remove or replace mechanical equipment, a CMU lintel will be needed to create a future 12' opening in the west wall of the pump house. The lintel shall be placed during initial construction, with all appropriate vertical and horizontal reinforcement (see sections attached).
- The CMU lintel shall be an 8"x24" CMU lintel bond beam. Because of its proximity to the top of parapet, all CMU above the lintel shall be grouted solid.
- Typical CMU vertical reinforcement shall continue through the bond beam. When the opening is cut in the future, the vertical reinforcement will have to be cut through, as well.
- Provide all reinforcement called out in plan and sections 6 and 17 for the CMU located where the future opening will be.
- The section of grade beam below the future opening shall be 12" lower than the specified top of grade beam. Horizontal reinforcement shall be continuous along the top of the grade beam, including below the future opening.

RE: Arch #13001
Roosevelt Park Pool
RFP #11, 12 & 13

Rod-

Please find attached the price proposals from Gustafson Builders for:

- PP for RFP #11 Addition of Fence with relocation of gates Add \$730.33
- PP for RFP #12 Delete Powder-coating of start platform bases Deduct (\$1,498.46)
- PP for RFP #13 Removal & replacement of displaced slabs @ east existing Add \$12,541.19

We have reviewed all of the above. We have measured the quantities related to RFP #13 and concur with the quantities proposed. If the sub-grade had been up to our project standards, the original estimate would have been spot-on.

We recommend acceptance of the offered price proposals.

If accepted, these items will be included with a future Change Order that I will start as of this recommendation. Please advise me of determined action by letter.

Sincerely,
Fennell Design Inc.
