**SUBJECT: REFERRAL OF REQUEST TO PUBLIC WORKS COMMITTEE TO REVERSE  
RECOMMENDATION FOR A 500-GALLON SEWER HOLDING TANK FOR RESIDENCES  
ON CALLE BAJA**

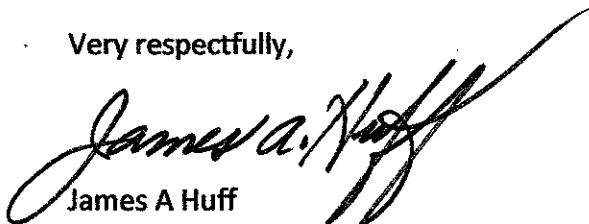

Nicole, thank you for your professional input, guidance, and assistance in this subject issue.

We wish to contest the recommendation, which would require a 500-gallon sewer holding tank for each residence on Calle Baja. I have spoken to the other parties involved (Hellands and Stantons) and they concur with this request.

Please place this subject issue on the Public Works Committee Agenda for Tuesday, July 29, 2014, at 12:30 PM.

Again, thank you in advance for your assistance.

Very respectfully,

  
James A Huff

C: Helland  
Tom Stanton
