Dear Sirs,

Ultramax Ammunition is desiring to connect up to water and sewer for our business location. We are located within the city limits of Box Elder. It is our understanding that the city of Box Elder, at this time, does not accommodate industrial waste and would not be able to fulfill our request, however the city of Rapid City does have the ability. We do have Rapid City lines that run on the west side of Elk Vale Road directly in front of our business.

We have been working with a water engineering company out of Sioux Falls to obtain the correct levels necessary to comply with the cities requirements of waste disposal and are confident that we will be able to fall well into the correct range required.

Please let us know if this request would be able to be considered and what we would need to do to have this accomplished.

Thank you in advance for your consideration on this matter.

Sincerely,

ULTRAMAX AMMUNITION

Lana Braunstein,
General Manager

Cc: Bob Druckrey

PERFORMANCE. QUALITY. VALUE.
