Subject: 2537 Children's Home Society Sidewalk Variance

Nicole,

Regarding the Sidewalk Variance request submitted for Children's Home Society Parking Expansion: the owner is willing to build the section of sidewalk on the west side of their drive, to connect to the church property sidewalk. They still request a variance from building sidewalk along the east side of the driveway, as it would not connect to anything, and the west section of walk would provide access from the cul-de-sac to the property.

Thank you,.
