Pauline Sumption  
Finance Officer  
City of Rapid City

Dear Pauline,

I talked with Brett Limbaugh yesterday about the difficulty finding parking for construction workers when we are working downtown. Those of us with commercial plates can purchase parking passes but our employees have to move their vehicles every two hours. I would like to propose a change that would allow us to purchase parking passes for non-commercial vehicles; with a limit based on the cost of the building permit. If the building permit cost was less than \$1,000.00, two non-commercial passes could be issued, permit costs of \$1000 to \$2,000, 4 passes could be issued, with a limit of 5 spaces for larger projects.

Please call me if you would like to discuss this proposal.

Sincerely,

*Bob Brandt*
