Subject: Updated Priority List for “Out of the Dust” Projects

The following list represents Streets or Alleys proposed to be paved using Out of the Dust funds. This list has been updated to reflect those projects that staff believe will have the greatest improvement to air quality and stormwater quality. Factors considered included the street/alley proximity to collector and arterial streets; and streets/alleys that provide a primary or only means of access to one or more properties. This list is dynamic and subject to change dependent upon dust, drainage issues, maintenance costs and the condition of existing utilities. Currently \$100,000 is budgeted in the 2015 budget and \$60,000 annually is programed into the Streets CIP for Out of the Dust projects.

NOTE: Alley location is listed from west to east boundary, north to south boundary.

Code: P – Proximity to Collector/Arterial Streets

A – Provides primary or only means of access

Alleys proposed for 2015-2020

- Woodbine Place - east of Canyon Lake Dr. **(P,A)**
- Dale Drive - east of Canyon Lake Dr. **(P,A)**
