## The following elements will be recorded using photographic documentation:

- 1. Several photographs of the site and setting of the historic property. Photos taken close up, showing the individual property site, and from a distance, showing the street setting of the property.
- 2. At least one photograph of all existing elevations, showing the entire elevation.
- 3. Detailed close-up photographs are needed of specific architectural features affected by the project, such as windows, doors balustrades, trim, etc.
