Public Works Committee/Common Council

RE: Request Authorization to Seek Proposals for Engineering Services for
LaCrosse Street Interchange Utility Improvements
Project 16-2318 / CIP No. 51108

Staff proposes to reconstruct the sewer mains, water mains, sewer service lines, water service lines, streets, and improve drainage.

This project is needed due to the upcoming LaCrosse Street Interchange Improvement Project by the SDDOT scheduled for 2019.

Staff proposes to hire a Consultant to be responsible for designing the water and sewer mains within the project area, review the design of storm sewer for compliance with City requirements, review driveway impacts on adjacent properties, complete a traffic analysis of LaCrosse Street from the I-90 Interchange north to Mall Drive, and providing construction observation, administration and project closeout for the City portion of the project.

The project is funded from the Water, Sewer, Street and Drainage funds. The project budget is \$410,000.

Staff proposes to bid and construct the project in conjunction with the SDDOT project in 2019.

Dale Tech, PE
