Subject: Surety from me or my entities

I am writing to request the city rescind their earlier action which was to not accept a surety from me or any of my entities

I have paid the city in full for the loan the city made to me to construct Homestead and Timmons and Berniece streets along to east side of Elk Vale.

I will be at the meeting next Wednesday at 1230 pm to answer any questions relating to this request

Thanks for your time and considerations
