

Bellaforte[®]
by DAVINCI

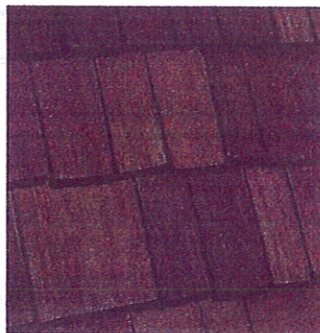

Bellaforte Shake roof tiles have multiple profiles to replicate the appearance of genuine hand-split cedar shakes with realistic slanted sawn edges and staggered lengths, featuring snap-fit tabs for easy installation and self alignment. DaVinci's highly-engineered and proven polymer roof tiles offer durability and maintainability that the natural shake cannot generally deliver.

Available in a palette of standard color blends, they possess a variance in hues which create a natural look that will blend beautifully with your home and landscape. Backed by a 50-year limited warranty and a Class A fire rating, Bellaforte Shake offers the beauty to make your home magnificent, minus the maintenance and frequent repair.
