

The following elements will be recorded using photographic documentation:

1. Several photographs of the site and setting of the historic property. Photos taken close up, showing the individual property site, and from a distance, showing the street setting of the property.
2. At least one photograph of all existing elevations, showing the entire elevation.
3. Detailed close-up photographs are needed of specific architectural features affected by the project, such as windows, doors balustrades, trim, etc.
