

Proposal for Addendum to “Loading Zones Use”

10.40.170

Add to part B to read:

Maintenance service vehicles in the process of providing services to a given business may occupy the loading zone, in proximity to that business, for the duration of service in the absence of other accommodations. The service vehicle shall only occupy either end of the loading zone as not to hinder additional loading and unloading operations from other vehicles.

Proposal for Addendum to “Limitation on parking in certain zones”

10.44.070

A. A. Two-Hour Parking Zones

Add to part #1 to read:

Maintenance service vehicles in the process of providing services to a given business may occupy a parking space, in proximity to that business, for the duration of service in the absence of other accommodations.
