

The 7th Street Promenade

Would first like to thank the Rapid City Council for their support through out this incubation period. Also the U.D.A, and The Down Town Empowerment Task Force created by Mayor Shaw and Dennis from the St. Joe Factory for extending their gratitude and energies towards what we believe is a wonderful chain of events for Rapid City.

The season is scheduled to come to an end on September 1

We are seeking the City's support for further development and growth.

We have come to the conclusion that Sunday is not a good day for what we would like to accomplish so we are dropping Sunday's completely.

The 7th Street Promenade is seeking permission to extend the season on Saturday evenings until November 1st.

Starting November 1st we then would be continuing with one evening a month through the winter to have downtown events on 7th Street, Themes would include Chile Cook-offs, Ice Sculptures etc. (Until our Summer Season starts again).

These are the reasons we need to be put on the agenda for September 3, 2003.

The 7th Street Promenade Thanks you for your time and considerations

Sincerely
The 7th Street Promenade
