For the past 8 years, the Retired & Senior Volunteer Program has held a golf tournament as a very important fundraiser for our program. Prizes in our golf tournament have typically been pro-shop gift certificates that are credited back to us through tournament fees and various other gift certificates that we get donated from local businesses. We usually see about 35-40 golfers participate in this tournament.

I have recently learned that there are various golfing items left over from the pro-shop at Meadowbrook that may be available. I am hoping that you would consider granting some of this merchandise to the Retired and Senior Volunteer Program to use as prizes in our September 11, 2004 Golf Tournament. It is the general consensus of our Golf Committee that if nicer prizes could be offered, more golfers may be attracted to participate.

Last year, R&SVP raised about 4,000.00 from this tournament. With no increase in federal grant dollars for our next fiscal year, we are not only looking at additional fundraisers, but also, ways to increase the amount of money generated by this tournament.

Thank you so much for your consideration on this matter.
