**RE: Waiver for Environmental Review Fee**

One of the conditions of the \$248,000 HUD grant that the RCAC has been awarded for expansion of the Dahl is an environmental review.

Barbara Garcia from Community Development will be conducting the review so funds can be received.

Because this is a city facility, we request that the \$2500 fee be waived for the review. As I understand it from Barbara, there is precedent for waiving fees for city projects.

We appreciate your consideration.
