In working with Brad Solon and Kevin Lewis of the Growth Management Department, I was told that I am not required and have never been required to purchase a mobile home park license due to the fact that we are grandfathered in and cannot update or change our property. We also have less than 10 spaces to rent. I have been sent a bill for \$50.00 each and every year for 13 years which I promptly paid. In lieu of the new information, I am requesting the City refund the funds as I was mistakenly bill by the City. Thank you for your considering in this matter.
