The **Public Risk Management Association** is pleased to announce that, in response to member requests, we are bringing the **Risk and Recreation** training program to South Dakota. This program has been extremely popular across North America. This session examines many areas of concern for parks and recreation professionals and sets out easy to follow steps to reduce injuries and liabilities. Topics include **trails, skate parks, dog parks, playgrounds, spectator harassment, playing fields, golf courses, alcohol policies...**and much more.

Doug Wyseman who is well known internationally as an expert in parks and recreation risk management presents the workshop. All participants at these sessions will experience a unique training experience and receive a copy of the **Risk and Recreation** manual.

The Registration form is attached & is also available at: <http://www.primacentral.org>

About the Presenter:

Doug Wyseman has worked in the field of risk management since 1973. As well as having experience as risk manager for a large Canadian municipality, Doug has served on the board of the **Canadian Parks and Recreation Association** where he helped develop the Certified Playground Inspector program, as well as implementing anti-Abuse and Harassment initiatives.

He has written four manuals for parks and recreation, including:

*** Risk Management and Skateboard Parks**

*** Risk and Trails**

*** Risk and Rinks**

*** Risk and Recreation**

Doug has presented training programs for groups such as NRPA, CPRA and many state associations across North America.

Here's what folks had to say about recent sessions:

"Incredibly interesting and informative...great examples and excellent handout!"

"Great presentation, with humour and wonderfully creative ways of managing risks with resources I'd never considered"

"Fabulous resource material and relaxed, informative session. Probably the best training session I have attended!"
