Fax: 605-394-6754

December 3, 2007

Chris Clark, Director
Air Methods
4025 LaCroix Court
Rapid City, SD 57703

Dear Chris:

This letter of agreement is to inform you that our contract with Air Methods for Medic 10 services expired on November 30, 2007. In our recent conversations, it has been your desire to change the level of service provided during that contract. The following represents those changes:

1. Air Methods and Rapid City Fire and EMS agree to extend the terms of the current Medic 10 contract through December 31, 2007.
2. Starting January 1, 2008, Rapid City Fire and EMS would provide transport with an "on duty" ambulance for the Life Flight team and patient to Rapid City Regional Hospital as requested by the Life Flight team.
3. Rapid City Fire and EMS agrees to transport the Life Flight team and patient at a rate of 75 percent of the Rapid City Fire and EMS approved BLS rate and mileage.
4. Life Flight team only transport by Rapid City Fire and EMS is at a rate of \$75.00 per occurrence.
5. Medic 10 services, designated exclusively for Air Methods, would be discontinued at the discretion of Rapid City Fire and EMS but not before January 1, 2008.
6. All fees generated would be billed by Rapid City Fire and EMS directly to Air Methods and due within 30 days.

This letter of agreement confirms the desired changes in the scope of the existing contract and that both parties agree through this letter, to the described level of service and rate

structure based upon a historical average volume of transports.
