Parks and Recreation Memo

Date: February 7, 2008

To: Mayor Alan Hanks, City Council Members

From: Jerry W. Cole

Subject: Grant Request

Summary: The money to build Vicki Powers Park phase one has been budgeted and the Consultant RFP will be coming forward shortly. We have a chance to add to the park by applying for a grant for a shade structure from American Academy of Dermatology. This grant would provide us up to \$8,000 toward a shade structure to be placed in Vicki Powers Park. The shade structure would be used by those citizens that would be using the park and playground with their families.

Recommendations: Allow Parks and Recreation to go forward and apply for Grant.
