To Whom It May Concern,

Black Hills BMX would like to sell raffle tickets at our track for a miniature motorcycle and a bicycle. The motorcycle is a 49cc gas powered Harley replica that was donated by American Lawnmower Service on St. Patrick Street. The bicycle was donated by Scheels Sports in Rapid City. There is a \$60.00 Gift Certificate and Backpack that also was donated by Edge Sports in Rapid City that will be 3rd place. The only cost that the organization will be responsible for is the printing of literature and promoting of sales.

Black Hills BMX would like to be able to sell these tickets to help continue the upgrade that we at the track have started this year. B.H. BMX is trying to promote the track in any way possible to get our rider count up!

Thank you for your consideration of this license.
