E-STUDIO453	E STUDIO 453			\$34.00	4,000	0	0.0090	0.0000

Machine Location _____ Operator/Email Address _____

Note: Maintenance Pricing for color prints or copies is based on an average of 15% coverage of an 8 1/2 X 11 page and 6% for black. If average toner usage exceeds what is necessary for 15% coverage, toner to support the additional coverage may be invoiced in addition to the normal contract charges.

- This agreement allows for an unlimited number of unscheduled maintenance calls, provided the calls are not a result of operator negligence or abuse. A & B Business Equipment responsibility with this agreement ceases if the equipment covered is repaired or adjusted by any person other than A & B technical representative, or the supplies used are not authorized or approved by A & B Business Equipment.
- Service shall be provided without additional charge between 8:00 a.m. to 5:00 p.m. Monday through Friday, excluding National holidays.
- The maintenance service plan includes all necessary parts, labor and supplies as specified with the following exceptions:
 - Cassettes, master units, exit trays covers or any item that is not related to the electro/mechanical operation of the equipment.
 - Parts damaged by fire, water, other acts of nature, misuse or negligence on the part of the customer or operators of the equipment.
 - Drum cartridges are considered supply items, not parts. Agreements include photoconductor units unless otherwise specified.
 - Connectivity support beyond the initial 2 hours of support provided with the hardware installation.
- ~~Maintenance with supplies agreements includes toner and developer. These agreements do not include paper, staples and in Freight = 6.9% of total monthly invoice.~~
- It is the customer/user's responsibility to provide power that meets the specific equipment needs as well as proper service access space around the equipment. If either one or both of these conditions are not met, A & B Business Equipment reserves the right to apply additional charges to compensate for deficiencies or to suspend this protection plan until the power deficiency is corrected and or adequate service space is provided.
- This agreement is for the above-specified period of time and is subject to annual price increases due in part to inflation, increased cost of parts, labor or age of equipment. Notice of cancellation must be given 30 days in advance. Early termination will result in penalties equaling 50% of the value of the remaining period of the agreement based on an average monthly billing.
