

**TO: Chief Mark Rohlfing**  
**FROM: Tom Jaros; Fire Science Program Director**  
**SUBJECT: Rapid City Ambulance**  
**DATE: Feb 24<sup>th</sup> 2009**

The Western Dakota Technical Institute Fire Science Program would like to formally request the use of a used Ambulance from the Rapid City Fire Department for the use in training of future firefighters enrolled in the Fire Science program.

Western Dakota Tech has the need for an Ambulance for the training in both the Fire Science and Paramedic training programs. The ambulance (old Medic 10) would enhance the EMT-Basic training as well as the new Paramedic training program, starting in the Fall of 2009.

Western Dakota Tech is currently in its fourth year of operation and has trained some of the firefighters currently working for the Rapid City Fire Department and other area Fire/Medical Service Agencies. With this donation we enhance our ability to deliver quality training for future firefighter/medics that would benefit the communities and jurisdictions that we all serve. The vehicle will be maintained in a state of operational readiness and would be available for emergency use as the need arises.
