RE: Request for Proposals for Aerial Photography

Staff requests City Council authorization release a Request for Proposals for aerial photography to be collected during the Spring of 2012. The 2011 Capital Improvements Program has budgeted \$100,000 for this project. The RFP is expected to be released on September 30.

It is expected that the photography will be collected during April or May of 2012 when conditions are optimal for high quality images. During these months, the sun angle, leaf-off conditions of the trees, and lack of snow cover provide the best combination of conditions for our area.
