The City of Rapid City

The Rapid City Propbusters Radio Control Club, a South Dakota not-for-profit corporation, is in the process of acquiring a new flying site in the Rapid City area. Our club has been part of the Rapid City community since the 1950's. As part of our fund raising, we are conducting a raffle of an R/C flight simulator and some other prizes. The total value of the prizes will be about \$300.

In association with Who's Hobby, we would like to set up a table during the Summer Nights downtown activities outside this business establishment with the goal of selling some raffle tickets. We also intend to set up the simulator and invite the patrons to take a simulated R/C flight.

We also have some club promotional material we would like to hand out. The promotional information regards our national organization, the Academy of Model Aeronautics, as well as the local flying clubs in Rapid City.

Please call one of our representatives if you have questions or if we need to provide additional information.

You can also talk to Clancy Kingsbury of Who's Hobbies. He is a Propbuster member.

Sincerely,

A handwritten signature in cursive script that reads "James A. Kammert".

Jim Kammert, Raffle Committee Chairman 348-4877

Zac Roller, Propbusters President 605-391-5508

Gene Jobgen, Propbusters Vice President 605-343-9452
