CITY OF RAPID CITY

Community Development Division

Executive Summary

The U.S. Department of Housing and Urban Development's (HUD) Community Development Block Grant Program (CDBG) is a flexible program that provides Rapid City with resources to address a wide range of unique community development needs. The CDBG program is authorized under Title 1 of the Housing and Community Development Act of 1974, Public Law 93-383, as amended; 42 U.S.C.-5301 et seq., and provides annual grants on a formula basis to entitled cities and counties to develop viable urban communities by providing decent housing and a suitable living environment, and by expanding economic opportunities, principally for low- and moderate-income persons. Activities may also be carried out which aid in the prevention or elimination of slums or blight, or certified activities that meet other community development needs having a particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community where other financial resources are not available to meet such needs. CDBG funds may not be used for activities that do not meet these broad national objectives. Rapid City, South Dakota has been an entitlement community since 1975.

Fiscal Year 2012 is the fifth year of our five-year Community Development Block Grant Consolidated Plan. Accomplishments reported in this report will include FY 2012, as well as the cumulative results for 2008-2012. The Rapid City Community Development Division, under the supervision of the Community Resources Department, is responsible for preparing the Consolidated Annual Performance and Evaluation Report for the review of the City Council and community.

A training session for CDBG applicants is held in August of each year to review eligible activities, review criteria, HUD requirements for program delivery and City requirements for disbursements, reporting and audits prior to the application period.

Applications are solicited from the Community starting in August and are accepted in the Community Development Division office up to October 1st of each year, unless the 1st falls on a Saturday or Sunday, at which time the deadline is extended to 4 pm on Monday. The City Subsidy Committee meets in October or early November to review applications and forwards their funding recommendations to the City Council. Funding awards are announced in December, public comments are taken for 30 days before going to Council for final approval and submission to HUD by February 15 each year. HUD has 45 days from receipt of the plan for review. Upon approval, HUD notifies the city and funds are usually released by June of the program year. However, Congress often does not release the CDBG approved budget amount until sometime between February and May. Therefore, the City must award funds based on an estimate of our probable award amount. This usually results in the need for the City to execute a major amendment to the plan in order to adjust allocations up or down, depending on the final approved budget. Fiscal year 2012 was no exception. The City based the recommended allocations on an estimate of:

- \$430,000.00 in entitlement
- \$ 2,200.00 lease income
- \$ 2,000.00 Revolving Loan Income (from home rehabilitation loan program)
- \$ 52,000.00 Funds reallocated from previous years

Total estimated amount allocated was \$486,200.00.

The final budget approved by Congress for FY 2012 resulted in an 8.4% increase (\$465,934) from the estimated Entitlement amount used in the allocation process submitted to HUD by February 15 of the year. An additional \$4,000 in Revolving Loan Income was received by the City's Neighborhood Restoration Loan program that was available for allocation to that program, increasing the total amount available from all funding sources to \$525,934.00.

The Subsidy Committee determined that the funding increase of \$39,934 should be used to increase the preliminary allocations to the following agencies by:

- Behavior Management Systems +\$ 2,871 to total \$42,574
- Volunteers of America – Dakotas +\$ 1,519 to total \$ 6,519
- Youth & Family Services Counseling +\$ 1,000 to total \$ 5,000
- Canyon Lake Senior Center +\$23,358 to total \$32,410
- Neighborhood Restoration Loan Prog. +\$ 4,000 to total \$56,000
- City Administration +\$ 7,186 to total \$86,800

The plan plus the amendment was approved by City Council and contracts were executed with the Sub-grantees. Programs funded met the high priority goals of the City Five-Year Consolidated Plan and benefited low-to-moderate income people.

PROGRAM AMENDMENTS

Amendment A - A minor amendment to the plan was made to allocate the additional entitlement funds received that exceeded our preliminary estimate. Additional funding was used to increase the funding amount to agencies already identified in the plan. No new projects were added. This minor amendment did not require public comment.

ACCOMPLISHMENTS

FY 2012

The 2012 program year was the final year covered by the 2008-2012 Consolidated Plan goals and the projects' accomplishments helped the City meet or exceed the goals set out in the plan in many of the areas identified as our highest priority needs. HUD requires that at least seventy-one percent (71%) of the persons benefiting from City funded projects utilizing CDBG funds be low-to-moderate income. The City strives to serve no less than ninety percent (90%) low-to-moderate income persons each year. In 2012 almost one hundred percent (97.93%) of FY 2012 expenditures assisted low- and moderate-income persons and households, either directly or on an area basis. Thirty-nine percent (39.33%) of the people assisted, or benefitting from services provided, were minorities, with thirty-two percent (32.4%) being Native American.

Fifty-three (53) households were able to obtain affordable housing. Forty-three percent (43%) of the households were minorities with Native Americans accounting for thirty-eight percent (38%) of those assisted. Eleven (11) households received assistance for purchasing their own

homes; three (3) were moderate income, seven (7) were low-income and one (1) was extremely low-income. Sixteen (16) rental units benefited from rehabilitation that improved energy efficiency and livability for extremely low-income households. Five percent (5%) of the households assisted were Hispanic, with one being of Black/African American descent and the remaining households of Native American/Alaskan Native descent.

FY 2008-2012

In the last three years of the Five Year Consolidated Plan we raised the percentage of extremely low-income people assisted from an average of 20% to over 80%. Over the five years 96% of the CDBG funds went to low-to moderate-income people, with four of the years having 99% of the funding assist only low-to moderate-income people.

Housing

We exceeded our goals in almost all of the housing categories in spite of the housing collapse and economic downturn, which hit our area later than the rest of the country, causing a slow down here for the non-profit housing agencies just in the last two years.

The statistics show that Community Development Block Grant funds were used to help three hundred eighty-eight (388) households secure affordable housing, with seventeen (17), or 4.4% of the households being Hispanic. Thirty-one percent (31%) of the households were minorities with twenty-five percent (25%) being Native American /Alaskan Natives.

Non-housing services

Non-housing services were provided to 244,932 people and 260 households. Native American/Alaskan Natives made up the largest group of minorities seeking assistance (18.2%) out of total minority population served (24%). Hispanics accounted for 1.1% of the population seeking assistance. Minorities make-up a disproportionate number of the people needing assistance.

Homeless

Emergency shelter, transitional housing and case management services were provided to over 9,000 individuals and 11,632 family members.

Leveraging Funds

In 2012, Agencies leveraged a total of \$2,419,517; \$5 from other funding sources for every \$1 of CDBG funds used for CDBG funded activities. The amount of leveraged funds has dropped from previous years due to budget cuts and reduced private donations caused by the economic downturn. Local funds increased, lessening the impact of declining federal and state dollars.

CR-05 Goals and Outcomes

Fiscal Year 2012 is the fifth year of our five-year Community Development Block Grant Consolidated Plan. Accomplishments reported in this report include FY 2012, as well as the cumulative results for 2008-2012.

Community Development Block Grant funds must be used to meet one of HUD's national objectives:

- serving Low-to-moderate income clientele;
- serving Low-to-moderate income census tract;
- serving a presumed low-to-moderate income group;
- eliminating blight, or
- address an urgent disaster, and

address a high priority need of the community, as described in the Consolidated Plan. At least 51% of those served by any activity must be low-to moderate income, with the total grant serving not less than 71% low-to-moderate income.

Rapid City focused its efforts on the following high priority goal areas in FY 2012:

- Affordable Housing
- Sustainable Housing Rehab
- Energy Efficiency
- Transitional Housing
- Homeless Prevention
- Housing and Utility Assistance
- Victims of Domestic Violence
- Mental Health Assistance
- Public Facilities & Improvements
- Removal of Architectural Barriers
- Senior Centers
- General Public Services
- Counseling and Intervention
- Case Management
- Life Skills Training
- 211 Help!Line Referral Service
- Legal Service for Low Income People
- Youth Services

The FY 2012 projects addressed the following specific national objective outcomes:

- ❖ DH – Decent Housing - Sustainability/Affordability/Availability/Accessibility
- ❖ SL – Suitable Living Environment - Availability/Accessibility/sustainability

Specifically, projects benefited low-to-moderate income persons and households by making services or housing available, accessible, and affordable. In addition, projects were undertaken to help people sustain their household or housing.

PROJECTS ACTIVE IN FY 2011

Projects undertaken in FY 2011 included projects carried forward from previous years' unspent funding. Funding for projects included the following program years:

Program Administration

FY 2011
FY 2012

Public Services

FY 2011
FY 2012

Public Facilities and Improvements

FY 2010
FY 2011
FY 2012

Housing

FY 2010
FY 2011
FY 2012

Community Development Block Grant (CDBG) Funded Categories

Community Development Block Grant funds plus program income was allocated in the following categories for a total of \$647,874.71:

- \$107,646.00 Program Administration (*Entitlement and Program Income*)

(HUD caps the amount that may be spent on program administration at 20% of the Entitlement amount plus the program income earned during the program year.);

- \$ 77,093.00 Public Services (*Entitlement plus Program Income*)

(HUD puts a cap, 15% of the Entitlement amount plus program income from the previous completed year, on the amount of funds that may be used for Public Services); and

- \$160,000.00 Single Family Owner-Occupied Housing;
- \$ 57,000.00 Owner-Occupied Rehabilitation (*Entitlement + Revolving Loan funds*);
- \$ 6,445.00 Transitional Housing Homeless Youth
- \$239,690.71 Public Facilities and Improvements (*including transitional housing*);
- \$ 0.00 Economic Development.

Funding Sources	
Entitlement	\$465,934.00
Program Income (PI)	\$70,000.00
Revolving Loan Income (RL)	\$56,000.00
Funds from previous years	\$53,640.71
Total Funding Allocated:	\$647,874.71

The City strives to serve no less than ninety percent (90%) low-to-moderate income persons each year with the Community Development Block Grant (CDBG) funds. In 2012 almost one hundred percent (99.61%) of FY 2012 expenditures assisted low- and moderate-income persons and households, either directly or on an area basis.

Over the five year period the City exceeded the 90% goal in all but one year, providing funds to those most in need:

Table # 1 - Income of CDBG Beneficiaries

Income Level (HUD Area Median Income)	2008 %	2009 %	2010 %	2011 %	2012 %
Extremely Low Income (≤30% AMI)	17.3	23.42	68.20	97.3	77.15
Low Income (30-50% AMI)	11.55	30.49	6.86	2.41	9.10
Moderate Income (50%-80% AMI)	70.76	45.19	10.11	.26	11.69
Total Low and Moderate Income (≤80% AMI)	99.61	99.09	85.17	99.98	97.93
Non-Low and Moderate Income (>80% AMI)	0.39	.91	14.83	.02	2.07
*Note- Additional funds may have been available from prior years.					

The Entitlement the City receives, while not a large sum, is allocated to reach and serve as many people as possible, as cost effectively as possible.

The table below shows the projects and activities funded in FY 2012.

Assessment on the Use of Funds to Meet Highest Priorities Narrative

All funding allocations were required to meet a high priority need in the Consolidated Plan adopted by the City for FY 2008-2012. Emphasis is placed on projects that target persons in the lowest income levels and benefit the highest percentage of low income persons and minorities. The 2012 program year was the final year covered by the 2008-2012 Consolidated Plan goals and the projects' accomplishments helped the City meet or exceed the goals set out in the plan in many of the areas identified as our highest priority needs. One hundred percent (100%) of the expenditures assisted low- and moderate-income persons and households either directly or on an area basis. Thirty-five percent (35%) of the people assisted or benefitting from services provided were minorities, with eighty-nine percent (89%) of the minorities being Native American.

Fifty-three (53) households were able to obtain affordable housing. Forty-three percent (43%) of the households were minorities with Native Americans accounting for thirty-eight percent (38%) of those assisted. Eleven (11) households received assistance for purchasing their own homes; three (3) were moderate income, seven (7) were low-income and one (1) was extremely low-income. Sixteen (16) rental units benefited from rehabilitation that improved energy efficiency and livability for extremely low-income households.

CR-10 Racial and Ethnic composition of families assisted

FY 2012

Thirty-nine percent (39.33%) of the people assisted, or benefitting from services provided were minorities, with thirty-two percent (32.4%) being Native American.

Fifty-three (53) households were able to obtain affordable housing. Forty-three percent (43%) of the households were minorities with Native Americans accounting for thirty-eight percent (38%) of those assisted. Eleven (11) households received assistance for purchasing their own homes; three (3) were moderate income, seven (7) were low-income and one (1) was extremely low-income. Sixteen (16) rental units benefited from rehabilitation that improved energy efficiency and livability for extremely low-income households.

Table 4 shows the specific breakdowns for housing and non-housing projects.

FY 2008-2012

Table 5 shows the racial and ethnic breakdown for the five year period of 2008-2012 that is covered by the Consolidated Plan. The statistics show that Community Development Block Grant funds were used to help three hundred eighty-eight (388) households secure affordable housing, with seventeen (17), or 4.4% of the households being Hispanic. Thirty-one percent (31%) of the households were minorities with twenty-five percent (25%) being Native American /Alaskan Natives.

Non-housing services were provided to 244,932 people and 260 households. Native American/Alaskan Natives made up the largest group of minorities seeking assistance (18.2%) out of total minority population served (24%). Hispanics accounted for 1.1% of the population seeking assistance. Minorities make-up a disproportionate number of the people receiving assistance.

Geographic Location Narrative

Rapid City is located in Pennington County in western South Dakota. Community Development Block Grant projects must be located within the Corporate Limits of Rapid City.

All projects were located within the corporate limits of the City of Rapid City, or the recipients of the services reside within the corporate limits.

Projects conducted in FY 2012 provided or assisted low-income households in acquiring affordable housing in almost all areas of the city and public service agencies served residents from all areas of the community.

Housing projects carried out by the Dakota Land Trust, Black Hills Area Habitat for Humanity, Teton Coalition, Lutheran Social Services - Stepping Stones and Rapid City Community Development Corporation included single-family housing for ownership and rehabilitation on

rental property that provides transitional housing to homeless youth. The housing projects were well distributed in most areas of town, with the largest percentage in North Rapid, an area of slightly lower housing prices. The projects included new construction and purchase of existing housing in areas north of I-90, North Rapid City, Rapid Valley, south-east Rapid City and west Rapid City. The apartment rehabilitation project was located in the city center area near downtown. Public Facility improvement projects were conducted to improve safety, handicap accessibility, and energy efficiency and functionality for facilities that serve primarily or presumed-to-be low-income people. Facilities included the Canyon Lake Senior Center located on the west side of Rapid City, the Goodwill facility in North Rapid City, and the Cornerstone Rescue Mission, Minneluzahan Senior Center, and Working Against Violence, all located in the city center area.

Leveraging and Match Narrative

Matching funds are not currently required for projects receiving Community Development Block Grant (CDBG) funds. However funding decisions do take into consideration the use of leveraged funds for projects. The City and local agencies are aggressive in pursuing funding sources for needed services.

Local funding sources, agencies and government services have come together to form a very strong collaboration for addressing high priority issues and pursuing grants to address them. The community seeks partnerships for projects rather than duplications of services, and as a result problems are being addressed, goals are being achieved and funds are being leveraged to go even farther. In 2012, Agencies leveraged a total of \$2,419,517; \$5 from other funding sources for every \$1 of CDBG funds used for CDBG funded activities. The amount of leveraged funds has dropped from previous years due to budget cuts and reduced private donations caused by the economic downturn. Local funds increased, lessening the impact of declining federal and state dollars. The activities and funding shown do not include program administration for the grant.

Table 8 shows the total amounts of Federal, State, local, and private dollars leveraged for CDBG funded projects for FY 2012:

TABLE 8	
TOTAL FUNDS LEVERAGED - FY 2012	
Source of Funds	Dollar Amount
CDBG	\$ 483,228
Federal Funds (Other)	\$ 688,967

CR-20 Affordable Housing

Overview

Housing needs as identified by the community and in the Consolidated Plan center around 4 key issues:

- Lack of affordable housing
- Substandard housing
- Lack of affordable efficiency apartments and one (1) bedroom units
- Shortage of gap assistance for rent for very low income people

Affordable housing is difficult to address because “affordability” is dependent on each person’s situation. Affordability issues stem from wages not high enough for a person’s taste in homes, other credit obligations that don’t leave enough for the market rents, size of family dictating the space requirements for the household, cost of land in the area a person wants to live, and construction costs due to material shortages or local building requirements.

Typically, affordability is based on a house rent or payment that is 30% of a person’s income or less. However, the open market dictates the rent or mortgage payment. Very low income people end up paying a larger percentage of their income in order to secure housing when there is no assistance available. Assistance programs to “bridge the gap” in rents and acquisition costs of housing are needed to help low-to-moderate income people avoid homelessness or secure decent housing at an affordable rate, however they are difficult to sustain as rent costs continue to climb and incomes stay flat.

Land costs, rising construction costs, and tightening of lending regulations have significantly impacted the housing market over the past five years and the ability of low income people to afford their own home, even with the current low interest rates.

Substandard housing affects not only the people living in it, but the neighborhoods around it. The 2006-2010 American Community Survey shows that just over thirty percent (30.6%) of the housing in Rapid City is over fifty (50) years old and over forty-two percent (42.5%) is over 40 years old. At this age, if homes have not been well cared for and maintained, they will require major repairs and upgrades to avoid economic obsolescence. There are three (3) main areas of Rapid City experiencing issues of substandard homes, North Rapid, Robbinsdale Area and the center city area. The estimated number of pre-1970 homes in Rapid City totals 12,625 homes. The study also shows that approximately one hundred fifteen (115) housing units lack complete plumbing facilities and one hundred forty-three (143) lack complete kitchen facilities. One hundred ninety (190) homes indicated they use no heating fuel. Additionally, tenants and emergency personal notify the city of substandard living conditions due to mold, mildew, and structural problems.

Therefore funding in 2012 and the previous 5 years has been targeted at those issues that our limited funding could make an impact on – rehabilitation of existing units for sustainability, handicap modifications for improved access, supporting the Dakota Land Trust to ensure permanent affordability, and providing gap assistance for low-income households so they could obtain homeownership. Table 7 describes the various categories for housing assistance, the goals, and the FY 2012 accomplishments along with accomplishment totals for the 5 year period of the Consolidated Plan from 2008 through 2012.

Progress In Providing Section 215 Affordable Housing For Rental And Owner Households

Section 215 Affordable Housing for rental units and homeownership are defined as:

Rental Housing

A rental housing unit is considered to be an affordable housing unit if it is occupied by a low income household or individual and bears a rent that is the lesser of:

- (1) the Existing Section 8 Fair Market Rent (FMR) for comparable units in the area or,
- (2) 30 percent of the adjusted income of a household whose income equals 65 percent of the median income for the area, except that HUD may establish income ceilings higher or lower than 65 percent of the median because of prevailing levels of construction costs or fair market rents, or unusually high or low family incomes.

Homeownership

(a) Housing that is for purchase (with or without rehabilitation) qualifies as affordable housing if it:

- (1) is purchased by a low-income, first-time homebuyer who will make the housing his or her principal residence; and
- (2) has a sale price which does not exceed the mortgage limit for the type of single family housing for the area under HUD's single family insuring authority under the National Housing Act.

(b) Housing that is to be rehabilitated, but is already owned by a household when assistance is provided, qualifies as affordable if the housing:

- (1) is occupied by a low-income household which uses the housing as its principal residence, and
- (2) has a value, after rehabilitation that does not exceed the mortgage limit for the type of single family housing for the area, as described above.

All CDBG funded housing projects completed in 2012 met the Section 215 definition of affordable housing as defined in 24 CFR 92.252 (rental housing) and 24 CFR 92.254 (homeownership).

Goals, Outcomes and Problems Encountered In Meeting Goals

Rapid City's five year objective was to maintain the existing housing stock, eliminate substandard conditions in homes of low- income households so they can remain in their homes, and provide subsidy for housing to help keep costs low enough to maintain affordability for those in the lowest income categories.

The City exceeded the goals set for rehabilitation of existing owner-occupied housing stock, property acquisition for construction of new housing for low-income households, handicap modifications of homes so people could remain in their homes, and acquisition assistance for low-income homebuyers so they can have stability and begin building assets. Seventy-nine (79) rehab projects were accomplished, with forty-seven (47) providing handicap modifications. Homeownership was made possible for an additional seventy-nine (79) low-income households, with forty-three (43) of those households making less than 50% of the HUD Area Median Income, and five (5) households made less than 30% of the area median income.

One area of difficulty experienced, that is still a problem, is the difficulty for buyers to obtain mortgage loans since the tightening of lending regulations. Housing agencies have struggled to find ready-to-go buyers, even with the assistance they provide, and high land and property costs continue to make it difficult to keep purchase prices affordable to low-income people.

We were not able to meet our goal for placing properties in the Dakota Land Trust within this five (5) year period. The concept of a Land Trust is new in our area, with the Dakota Land Trust being the first one in South Dakota, and it has taken a couple of years to get it established and educate the community and housing agencies on what it is and how it can benefit our community. There is more acceptance of it now and housing agencies are starting to work in partnership with Dakota Land Trust, so we expect to see more participation in the next five (5) years.

An area we were not able to make progress in was in additional affordable apartments for single persons or couples without children. Agencies interested in pursuing such projects had difficulty in accessing financing and being able to have a cash-flow project with the government funding restrictions and lack of additional Section VIII vouchers or other gap assistance for meeting fair market rents. We will continue to pursue this in the coming five years, making it one of the top priorities.

Household Accomplishments by Race and Ethnicity

Rapid City’s minority population makes up almost twenty percent (19.6%) of the population with American Indian/Alaska Natives being the largest minority group at 12.4%.

American Indian/Alaska Natives experience a disproportionate higher rate of persons who are homeless and who experience housing problems as listed below for persons making 30% of the Area Median Income (AMI). The four housing problems referenced include: 1) Housing lacking complete plumbing; 2) housing lacking complete kitchen facilities; 3) cost burden paying more than 30% of their gross income for housing; 4) over crowding with more than one person per room.

Emphasis to improve access to affordable housing for minorities, in particular American Indians/Alaska Natives was also a priority in the Consolidated Plan. American Indian/Alaska Natives made up twenty-five percent (25%) of people receiving housing assistance over the 5 years. Table 8 shows the number of persons served by race and ethnicity.

TABLE #11 2008 - 2012 CDBG Beneficiaries by Racial/Ethnic Category

RACE		2008 - 2012			
		Persons	Hispanic Persons	Households	Hispanic Households

	Total Minorities Assisted			120	11
Total % American Indian/Alaska Native (only)			25%	35.3%	

Impact of Outcomes on Future Annual Action Plans

While we were able to exceed our goals in several areas of the housing plan, it has not been sufficient to meet all the needs, and with further decreases in funding looming, there is a real possibility that the need will increase even more.

Single family homeownership is still a high priority and important part of our plan for raising people out of poverty through asset building. However, with the slow housing market and difficulty in getting financing for projects for both buyers and developers, it probably will not be our primary target in the next Consolidated Plan.

We will focus funding on the greater need for smaller apartments for singles and couples in order to address homeless issues, and emergency shelter rooms for homeless families and youth.

We will also be putting an emphasis on projects that will ensure long term affordability for persons in the lower income levels, such as those that will utilize the land trust or provide deep subsidy to reduce costs for low-income households.

CR-25 Homeless and Other Special Needs

Overview

Rapid City has placed a high priority on addressing the needs of the homeless and supporting non-profit agencies' efforts for moving the homeless to permanent affordable housing with the supportive services needed to stabilize the households.

Outreach to Homeless and Assessment of Individual Needs

The Black Hills Area Homeless Coalition and Community Service Connections joined forces this year to broaden the scope of issues that each deals with and to leverage the strengths of the over forty member agencies to address high priority issues in the community, as described in the 2011 Community Needs Assessment and the Rapid City Consolidated Plan. In FY 2012 the Veterans Administration partnered with them and did outreach to the homeless and veterans by providing a "one-stop" center where veterans and the homeless were able to access information, services, medical check-ups, eye exams, haircuts, employment assistance, clothing vouchers for interview clothing, personal care items and a meal at one convenient location. Agencies providing funding assistance for housing were also present to link people to programs they might be eligible for.

Addressing Emergency Shelter and Transitional Housing Needs of Homeless

Cornerstone Rescue Mission, Cornerstone Women & Children's Home, and Working Against Violence, Inc. (WAVI) provide emergency shelter, counseling and case management to the homeless and victims of domestic violence. Cornerstone Rescue Mission provides 3 meals daily to the homeless and anyone else in the community with food insecurity. Their kitchen was outdated and no longer functional for meeting the needs of the number of people participating in the meal service. Funding was provided to update the kitchen, bringing it into code compliance, while providing a more functional space.

There is still a need for separate quarters to house families, so that the males do not have to be separated from the female family members and emergency shelter for homeless youth. These are a little more difficult, in that supportive services must be provided on site and funding is very limited. These are two high priorities for the next five year consolidated plan.

Homeless Services for Transition to Permanent Housing & Independent Living

Funds were provided to WAVI to provide emergency shelter services and counseling support of homeless women and children who are victims of domestic violence. WAVI assists battered women by providing emergency shelter, counseling, and assistance with transitioning to their own apartment, if needed, through use of other assistance funds or referrals to other agencies.

Dakota Plains Legal Services provided legal advice and representation to the homeless, victims of domestic violence, low-income people and the elderly to resolve civil matters.

Salvation Army received funding to provide assistance for accessing housing through utility deposits or paying off delinquent utility bills.

Lutheran Social Services received funding for renovations to improve energy efficiency and the livability of transitional apartments for homeless youth exiting the foster care or juvenile detention systems. The apartments provide youth with safe affordable housing, supportive services and life skills training for a successful transition to their independence.

Volunteers of America received funding to provide housing assistance to homeless families in the form of short-term housing assistance, up to 3 months, and/or rent deposits to help move the homeless into housing and provide the short-term “safety net” so they could get established and stable, more successfully achieving self-sufficiency.

The Rapid City Offender Re-Entry Program received funding from the Department of Justice Second Chance Act to provide assistance for temporary, transitional, and permanent housing for homeless offenders as well as supportive services needed for their mental health, substance abuse and living skills stabilization. Services are provided as collaborative effort of city, county, and state agencies, non-profit service providers, medical and mental health facilities, housing providers, family support agencies, the Department of Corrections, and faith-based organizations. The collaboration has developed a program to assist offenders with their reintegration into the community and reduce recidivism. The program receives referrals from the State Department of Corrections and self-referrals of returnees in the community who need assistance.

Shortening Period of Homelessness and Preventing Repeat Homelessness

Rapid City has adopted a Plan to End Chronic Involuntary Homelessness that includes a “housing first” focus. The CDBG funding provided to Salvation Army and Volunteers of America were used to move people quickly into housing.

Pennington County Health and Human Services and Western SD Community Action also made funds available for the homeless to acquire housing with short-term assistance for rent and utilities.

Additionally, the Rapid City Reentry Program provides transitional and permanent housing assistance to move quickly into housing for those meeting the Second Chance Act eligibility requirements.

Assistance provided requires case management services to try to anticipate and deal with difficulties that may affect their ability to maintain and remain in housing.

Facilitating access to affordable housing

Funding was provided to the following agencies to create new affordable housing, ensure

permanent affordability, rehabilitate existing housing for sustainability, or secure affordable housing:

- Neighborhood Restoration Loan Program used funding for rehabilitation of substandard homes or for handicap modifications for low-income homeowners. The program provides assistance through grants and low interest loans for persons making less than 80% of AMI. Loans for those making less than 50% of AMI are deferred 0% interest loans with no monthly payment and for those making between 50% and 80% of AMI the loans are 3% amortized loans with terms from 1-15 years.
- Rapid City Community Development Corporation received funding for acquisition of property for new construction and down payment and closing cost assistance which was provided to low-income homebuyers in the form of deferred 0% interest loans.
- Teton Coalition, Inc. received funding for acquisition of property for new construction and down payment and closing cost assistance which was provided to low-income homebuyers in the form of deferred 0% interest loans. Their program focuses outreach to the American Indian population and all low income households.
- Habitat for Humanity builds homes for persons living in substandard conditions who are not able to qualify for traditional financing for homeownership. The received funding for property acquisition or rehabilitation on homes. The provide 0% financing to homebuyers, making the homes affordable to those in the lowest income levels.
- Stepping Stones – Lutheran Social Services received funding to do rehabilitation on transitional housing apartments for homeless youth transitioning out of foster care or the juvenile detention system.

Preventing Repeat Homelessness

Helping Low-Income People Avoid Homelessness

Discharged from mental, health care, foster and corrections facilities

The City had no CDBG funded projects specifically for homeless being discharged from mental, health care, foster and corrections facilities, publicly funded institutions and systems of care for FY 2012 however, local agencies address homeless issues with other funding sources for:

- **State Department of Corrections Funding**

Second Chance Act Grant (SCA) Funds: The Offender reentry program receives funding from the SD Department of Corrections SCA Grant to provide assistance to offenders from state prisons to secure transitional and permanent housing.

- **County/Private Funding**

Pennington County Health and Human Services has two programs providing assistance to help homeless people discharged from jail and other institutions:

Rebound Program, provides assistance for housing, utilities and other needed services for persons discharged from the jail.

New Start Program provides housing and supportive services for the homeless, including those discharged from publicly funded institutions.

- **State Departments of Health & Human Services, and Social Services & Other Federal Funding Sources**

Funding is provided through local agencies and offices for mental health and substance abuse clients' case management upon release from institutions and for help in accessing housing when funding is available.

ELI and families

Non-profit agencies were provided funding for public services to assist the extremely low-, low- and moderate income households and families secure services they need. Funding was provided to the following agencies to serve this population:

- Dakota Plains Legal Services provided legal advice and representation to the homeless, victims of domestic violence, low-income people and the elderly to resolve civil matters.
- Salvation Army received funding to provide assistance for accessing housing through utility deposits or paying off delinquent utility bills.
- Volunteers of America received funding to provide housing assistance to homeless families in the form of short-term housing assistance, up to 3 months, and/or rent deposits to help move the homeless into housing and provide the short-term "safety net" so they could get established and stable, more successfully achieving self-sufficiency.

- Behavior Management Systems received funding to provide case management services to persons with mental illness who are in need of accessing medications to stabilize so they can maintain housing.
- Help!Line Center – 211 received funding to provide referral services to those who are in the presumed low-income categories so that they may get connected to supportive services.
- Youth and Family Services provided counseling services to youth and families in order to stabilize and improve their interactions and family life.
- Neighborhood Restoration Loan Program received funding for rehabilitation of substandard homes or for handicap modifications for low-income homeowners. The program makes it possible for the extremely low- and low-income household to make repairs that affect access, safety, health, and energy efficiency issues so they can remain in their own home.

Persons receiving public/private assistance

See all of the above. People who receive public and private assistance may fall into any of the same categories described above and may utilize any of the services available.

The City works closely with County and State agencies as well as private agencies and funders such as the United Way and John T. Vucurevich Foundation through our many collaborative initiatives and groups to ensure that we are all leveraging our efforts and dollars in the best way possible to address our high priority needs.

Explain implementation of a homeless discharge coordination policy & how ESG funds are being used.

The City does not receive Emergency Solutions Grant (ESG) funds as an entitlement; they are managed by South Dakota Housing Development Authority for the state. Therefore the city does not develop performance standards, evaluate outcomes or develop funding, policies or procedures for the administration of HMIS. However, as an active member of the South Dakota Homeless Consortium and Policy Advisory Board, we are able to provide input on such things to the group.

In 2012, Cornerstone Rescue Mission, the Cornerstone Women & Children’s Home and Working Against Violence, Inc. were recipients of Emergency Solutions Grants. Both agencies participate in and lead collaborative groups centered around serving the needs of homeless people. Behavior Management Systems – The Stages program was awarded \$67,248 for 2012 from the

Continuum of Care, but was unable to meet some of the program requirements and was ultimately denied the award.

The City Community Development Manager is very active with the local continuum of care agencies as a funder, an advisor to boards, and through providing technical assistance for program development and implementation. All agencies were invited to participate in listening sessions and public comment sessions for this plan. In addition, the manager attends many agency and community meetings in order to hear public and agencies' concerns, discussions and plans for addressing emergency shelter issues. Funding recommendations based on the information collected locally is shared with the Homeless Consortium for the annual application process.

The HMIS data system is used by the state and local agencies participating in the Emergency Solutions Grant to gather information and evaluate outcomes.

CR-30 Public Housing

The City of Rapid City does not fund public housing improvements or resident initiatives. Pennington County Housing and Redevelopment Commission (PCHRC) receives Public Housing Capital Program funds, Section 8 Tenant Based Assistance Funds, and Shelter Plus Care funds to maintain its properties in safe and sanitary conditions for the residents and fund assistance programs for low-income tenants.

Actions taken to address the needs of public housing

Rapid City has a joint cooperation agreement with PCHRC that provides for collaboration on the development of affordable housing units. The Executive Director of PCHRC works closely with Rapid City's Community Development Specialist in reviewing needs for housing development, public housing tenant needs within the community and jointly working to further additional affordable housing locally. PCHRC's Agency Plan is on file with Rapid City and the City reviews projects and provides Certifications of Consistency with the Consolidated Plan. PCHRC's Agency Plan is on file with Rapid City. Rapid City will consider requests by PCHRC for Certifications of Consistency with the Consolidated Plan.

At this time, the Authority's inventory includes a sufficient number of units to meet current requirements.

Actions taken to encourage public housing residents to become more involved in management and participate in homeownership

The PCHRC implements and coordinates various programs and services to benefit families, including the elderly. To encourage public housing residents to become more involved in management PCHRC has established an authority-wide Resident Advisory Board made up of residents from the various programs and developments. Appointments are made by the PCHRC Board of Commissioners. The Panel meets with the Executive Director and staff on a monthly basis to provide input on issues with their respective housing areas. Input is sought on all aspects of PCHRC operations. A representative of the Panel attends PCHRC Board meetings. The Resident Advisory Board assists and makes recommendations to the PCHRC in both long range strategic planning and implementation of many policies and procedures specified in the Agency Plan. Additionally, a public housing resident is a member of the public housing authority governing board, which further provides resident input into management. The PCHRC works closely with local law enforcement agencies to provide crime prevention activities at the public housing developments in Rapid City.

Actions taken to provide assistance to troubled PHA's

We have no troubled Public Housing Agencies.

Barriers to Affordable Housing (SP-55 and AP-75) and Fair Housing

Affordable Housing

Affordability of housing is determined, in part, by land acquisition costs, materials costs, construction costs, financing costs, property taxes, and transportation costs to access work and basic human needs from home. Codes, ordinances and regulations can affect some of these factors, driving costs up, such as minimum lot size, living space minimum square footage, occupancy limits, planning application fees, and permit fees, or through exclusionary zoning.

Barriers to affordable housing in Rapid City include:

- *Barrier #1 – Lack of livable wage jobs or income*
- *Barrier #2– High housing development costs and fees*
- *Barrier #3 – High cost of land*
- *Barrier #4 – Neighborhood objections (the “Not in My Back Yard” syndrome – NIMBY’ism)*
- *Barrier #5 – Lack of transitional housing units*
- *Barrier #6 – Housing discrimination*
- *Barrier #7 – Lack of affordable homes, apartments and shelter rooms for larger households for more than five people*
- *Barrier #8 – Lack of housing for parolees*
- *Barrier #9 – Lack of smaller unit housing for singles or childless low-income households*
- *Barrier #10 – Lack of additional subsidized housing or Section VIII housing vouchers to meet the need.*
- *Barrier #11 – Lack of a sufficient number of VA case managers to meet the need for the HUD/VA VASH Voucher program.*

Actions to address regulatory barriers to affordable housing

Barrier #1 – Lack of livable wage jobs or income/job opportunities

The 2010 American Community Survey estimates 15% of all county residents have income below the poverty level and that 35.3% (4,308) of homeowners and 45.9% (5,533) of renters are cost burdened, paying more than 30% of their household income for their housing expenses. About 92 percent of the cost burdened households in Rapid City have annual incomes at or below 80 percent of the median income. Nearly half of the cost burdened households are extremely low income. Homeownership remains very difficult with the current economic downturn. Requirements for higher credit scores and down payment amounts have significantly reduced the number of low-income households able to qualify for homes. On average, only one in ten mortgage applicants are now able to qualify for a loan, greatly affecting the housing industry in

our area. This situation creates the number one barrier to obtaining affordable housing for most people.

The Rapid City Economic Development Partnership continues to pursue new businesses to locate in the Rapid City area. In January, 2012 they announced that they would focus on diversity into business services, science, medical health care and life sciences, finance and insurance, metalwork manufacturing, processed food manufacturing, engineering, technology, military-related and energy/extractive industry clusters, as they are growth industries that pay higher average wages that have a higher multiplier effect on the economy that will help raise the quality of life for area families. These industries have added over 3,000 jobs since 2006 with average annual earnings ranging from \$36,125 to \$57,200.

The Black Hills Business Development Center provides affordable space for start-ups and businesses with growth potential and a full range of business services either free or at low cost through sharing. In addition, several sources of economic development financing are available.

Additional job training, adult education classes and even requesting on-the-job training is beneficial to increasing incomes for low income residents. Adult basic education classes are available annually through the Rapid City School District and are held in the evenings. The Career Learning Center also provides job skills training and computer classes for low income residents entering the job market. Pell Grants, financial aid and work study programs are available for people seeking to complete their educations.

Barrier #2– High housing development costs and fees

The City has adopted and enforces the Rapid City Municipal Code and:

- International Building Code, 2009 edition, chapters 1-27, 29-35 and Appendices B, C, I and J; adopted for all occupancies except 1- and 2 Family Dwellings;
- International Residential Code for One-and Two-Family Dwellings, 2009 edition; Chapters 1-11, 44, and Appendices E, J, K, & H.
- International Property Maintenance Code, 2009 edition, Chapters 1-8.
- International Existing Building Code, 2009 edition.
- And the ICC/ANSI A117.1-2003 American National Standard for Accessible and Usable Buildings and Facilities.

There are minimum lot size requirements for Low, Medium and High Density Residential housing however the Planned Unit Development (PUD) Ordinance allows a mix of lot sizes and housing product with approval of City Council. The Planned Development Overlay District allows the lot sizes to be reduced with approval of the Planning Commission. Lot sizes can be reduced administratively by 20% by the Director of Community Planning and Development Services, and an additional 20% with the approval of a variance by the Board of Adjustment. Although no reductions in housing development costs or fees have been granted for any housing projects, the City Council has the ability to grant exceptions if they determine it necessary or worthwhile.

In 2012 the Community Planning and Development Services department commenced a complete review and rewrite of codes and ordinances in order to streamline the plan approval process and update them to incorporate the latest strategies for growth management. They are also examining ways Tax Increment Financing could be used to incentivize developers to include more affordable housing in their developments.

Barrier #3 – High cost of land

Land costs continue to be a barrier. The City has provided CDBG funding for acquisition of land and/or properties to non-profit housing agencies to help reduce the cost for homebuyers, however reductions in funding has reduced the amount available and the number of households that we can assist with the funding. The State of South Dakota has passed legislation allowing for the creation of a Housing Trust Fund to make more funding available for affordable housing.

The Mayor and a City Councilman have put together a new Affordable/Safe Housing Task Force to identify new ways that the City can assist with infrastructure, acquisition costs, and funding for affordable and safe housing projects.

Barrier #4 – Neighborhood objections (the “Not in My Back Yard” syndrome – NIMBY’ism)

Neighborhood objections (NIMBY’ism) and housing discrimination exist in many forms. Objections are raised against people of other races, financial status, family size, disability, and age. Objections may also be voiced about different types of housing, commercial development, and locations of those projects.

NIMBY’ism stems from a lack of understanding and fear, and is best overcome through education. The City and non-profit organizations work to educate the community about housing issues, social needs, and development and growth processes. Education is provided in a number of ways and through a number of topics in order to dispel fears and false impressions of low income people. It is also important to provide people with the life skills necessary to be a good neighbor, properly take care of themselves and their homes, and be active in their community.

Programs, projects and educational sessions about disabilities, poverty, homelessness, and offender reentry issues offered as classes, seminars, group sessions, community forums and newsletters are offered by many local non-profit and social service agencies and government departments when requested and as funding allows. The information improves understanding and helps dispel the stereo types and misguided beliefs about different groups that are at the root of most NIMBY’ism. Information is also provided regarding Fair Housing and tenant rights. Programs are offered by Teton Coalition, who also does outreach and advocacy to Native Americans.

However, there have been no requests in the last couple of years for CDBG funds to put on these types of programs. Funding sources across the board have seen significant declines and agencies don't have the discretionary funds or staff to address anything other than direct services. Lower sales tax revenues and the need for food, emergency shelter, housing and other urgent care services have also affected the funds available to the City to provide the programs, even to its own staff to manage the CDBG program. CDBG allocations no longer cover the budget for the CDBG division and may result in layoffs in 2014, depending on the Congressional budget.

The City has seen some improvement in the NIMBY reactions over the past couple of years, in part due to the Poverty Simulations that the City had conducted for agencies and the public. The Simulation has been a powerful tool in showing the public, in particular those who have not experienced poverty or homelessness, the complexity of the problem and how it can affect anyone at any time. The economic downturn also was a great "educator" as people with good paying, long term jobs suddenly become unemployed and worried about losing their home and meeting their needs. A new apartment project for the School of Mines also was educational for the developers on what is affordable housing to those making minimum wage, as they went through the relocation process. We now have more support from the community for addressing these issues.

One process that the City will deliberate on for 2014's CDBG grant offering is to change how the City solicits applications for the community development block grant funds, to specifically direct funds to predetermined highest priority needs.

Barrier #5 – Lack of emergency and transitional housing units

Additional transitional housing units are needed for the homeless, parolees and persons released from prison transitioning back into the community and persons exiting treatment programs. The City provided funding several years ago for the purchase of a transitional eight (8) unit apartment building for homeless youth exiting foster care or detention centers. In FY 2012 funding was provided for rehabilitation on the building to improve energy efficiency and improve livability for the residents.

The City has actively worked with non-profit agencies to identify projects however agencies lack the staff and expertise to pursue the projects. Funding cuts for supportive services and tighter lender financing requirements have made it very difficult to put together the financial package to develop or purchase the housing and provide the necessary supportive services. Without a dedicated staff person to spearhead the project and handle the process of a project from start to finish, projects don't happen.

Local non-profit agencies have developed a proposal requesting funding for a Housing Coordinator position to work with agencies to develop high priority need housing, enlist public/private participation in the projects, identify funding sources, and help overcome NIMBY issues for submission to a local foundation for funding consideration. The creation of this position would effectively serve to address all barriers to affordable housing.

Barrier #6 – Housing discrimination

Housing discrimination is one of the most difficult issues to address, as it is difficult to prove and most often happens without witnesses and becomes a “he said, she said” issue.

The City has a Human Relations Commission that receives complaints for discrimination, along with other issues. If someone is unsure if what happened to them is discrimination, they may contact the Mayor’s office at (605) 394-4110 and request that a member of the Commission call to discuss it in order to help them decide whether or not to file a complaint.

If someone believes that they have been the victim of discrimination or unfair treatment because of their race, color, sex, creed, religion, ancestry, disability, familial status, or national origin within the City of Rapid City, they may submit a Complaint Form to the Rapid City Human Relations Commissions at the Mayor’s office or the City Finance Office located in the City Administration Building in downtown Rapid City at 300 6th street, the City Attorney’s office, at the Public Library or at the Community Development Office located at 333 6th Street. Applications for filing fair housing and discrimination complaints may be also be accessed and filled out on line on the City website: <http://www.rcgov.org/Mayors-Office/human-relations-commission.html>.

To inform the community of Human Rights the commission:

- maintains a page on the City website;
- aired public service ads on:
 - local television stations;
 - local radio stations;
 - the government access channel;
 - the cable news channels of Midcontinent.
- provided posters and brochures to City offices and community businesses and agencies, and the public;
- submitted articles to the City newsletter regarding
 - the Americans with Disabilities Act
 - pregnancy discrimination

Arrangements are made for translators, hearing and sight disabilities when requested.

The Commission will continue to submit articles on other relevant topics. The Commission initiated contact with the Chamber of Commerce to inform them of the Commission and see about distributing HRC pamphlets or posters and educating local businesses about discrimination issues. New officers for the Board are currently being solicited.

In addition to the actions of the Commission, the City adopted an Executive Proclamation in 2010 declaring April as Fair Housing Month in Rapid City to promote fair housing awareness and encourage Rapid City residents to support efforts to put into practice the principles of freedom, justice and equality upon which this great nation was founded. The City seeks to insure that

discrimination does not occur. For FY 2013, the Community Development Division has contracted with a local agency to conduct two community Fair Housing Seminars, one in July, 2013 and one in early December, 2013.

Barrier #7 – Lack of affordable homes, apartments and shelter rooms for larger households for more than five people and housing assistance

Fair market rents are not affordable to persons making minimum wage working less than 2.5 full time jobs in the Rapid City area. This is especially true for single persons, couples without children, parolees, the elderly, and people living on disability. There is also a severe shortage of gap assistance causing a more than two year wait to get a Section VIII voucher or subsidized housing. The current limited funding sources have preferences for the elderly, disabled and families, effectively leaving no funds for single, non-elderly or disabled individuals or couples without children.

The Mayor has assigned staff to a task force to research and bring forward suggestions on how to address our high priority housing needs and a list of stakeholders who will help develop public private partnerships and plans for developing emergency shelter apartments for homeless youth and families, smaller, affordable apartments for single people and childless couples and large low-income households.

The task force will also identify public and private funding sources to make it happen

Barrier #8 – Lack of affordable housing for parolees

See Barrier #7

Barrier #9 – Lack of smaller unit housing for singles or childless low-income households

See Barrier #7

Barrier #10 – Lack of additional subsidized housing or Section VIII housing vouchers to meet the need.

The Section VII Housing Program and Public Housing funding has been experiencing funding cuts, as have all federal programs. There is already over a two year waiting period for a voucher and with 2014 projected cuts it will be longer. The task force is also challenged with finding ways to provide deep subsidy on the front end to make up for a lack of vouchers and the ongoing dependency on those renewals. See Barrier #7.

Barrier #11 – Lack of a sufficient number of VA case managers to meet the need for the HUD/VA VASH Voucher program.

The VA, the City, Pennington County Housing and Redevelopment Commission and Cornerstone Rescue Mission have been meeting over the past year and a half to identify joint housing projects that we can partner on that would benefit both veterans and non-veterans utilizing HUD-VASH vouchers, and public and private funding. One barrier is the high case-load of current VA case managers, making it difficult for them to take on new clients. We are exploring ways to

supplement the VA staff so that more vouchers can be used, and other funding sources to subsidize the not-vet units. Also see Barrier #7.

Barrier #12 – Tightened lending regulations that eliminated no- or low-down payment loans and required a minimum borrower investment of 10% down.

The City funds non-profit housing agencies to provide homebuyer assistance in the form of down payment and closing cost assistance, house renovation/rehabilitation, and land acquisition cost assistance to effectively reduce the price of a home. All programs utilizing CDBG provide free homebuyer education classes to prospective clients through partnerships with counseling agencies. The state provides funding to the counseling agencies for homebuyers and financial education.

Obstacles To Meeting Underserved Needs (AP-85)

The high priority issues not addressed in the plan were primarily due to four things:

- 1) Lack of funding;
- 2) Lack of expertise on the part of agencies to carry out the activities;
- 3) Lack of adequate staffing and funding for overhead costs to take on any new activities;
- 4) Onerous regulations, restrictions and paperwork involved with federal grant programs.

Many agencies have had to lay off people due to budget cuts and lack of funding.

Several agencies have returned funding or said they would not apply again because of the man hours necessary to provide the required reporting and documentation would cost the agency more than the funding amount they would receive.

Several housing projects that had a lot of support could not move forward because there was no agency in a financial position to take on the time and development costs for pursuing it. Minimum square footage requirements and the absence of gap financing for homeless people without jobs or on very limited income prevents the project from being able to show a cash flow.

Changes to Plan

Going forward we will have to narrow our focus and concentrate more money on fewer projects in order to overcome the lack of subsidy. This will hurt other projects, and lessen the number of projects we are able to accomplish, but we will be able to address those that are truly the highest need for those most at risk.

We will also have to look for more creative ways to provide assistance and subsidize projects.

We will work to enlist more private partners on projects.

Lead-Based Paint Hazards (SP65 and AP85)

How many homes made lead free

No homes were made lead free. Due to the limited amount of funding available and the high cost of lead abatement, we are unable to fund projects that require lead abatement at this time. Lead safe practices and certification are required for all projects carried out on homes built prior to 1978.

Discuss Actions Proposed But Not Taken.

We have been working to create some single occupancy apartments for the homeless and veterans, but have been unable to secure adequate financing and operations funding.

We are still working on creating an incentive program for developers to engage in more affordable housing development and the use of Tax Increment Financing as one of those incentives. We are still working on this issue.

Anti-Poverty Strategy (SP70 and AP85)

Estimate # families removed from poverty.

At this point, there is no way for us to estimate the number of families removed from poverty, as it would require tracking employment and income for an extended period of time and no agency is providing services that tracks that kind of information.

There were no projects that provided job skills training, education, or job placement. Although other community programs do provide those services they have not tracked information to show that people have kept jobs and increased income beyond the poverty rate.

Summarize number Section 3 residents and businesses assisted

There were no Section 3 residents or businesses assisted. The projects funded were primarily small jobs that did not require contractors to hire new employees to carry out the work.

The only area where minority companies were employed was for single family housing rehabilitation projects that were under \$7,000 total each. A minority contractor was hired for roofing and some carpentry work.

Explanation for actions proposed in plan but not taken, and how future actions will change based on this year's results.

All activities proposed in the plan were completed.

Additional actions that were focused on an anti-poverty strategy included conducting poverty simulations in the community to raise awareness of poverty and homelessness and issues that contribute to it. That program continues to be very successful. Five poverty simulations were conducted in 2012. We will continue with that program.

The Bank On Rapid City initiative is part of our poverty reduction program. It launched a new incentive program offering a cash incentive for the unbanked to open an account. It was not very successful, only encouraging

Institutional Structure (SP-40 & AP-85)

Summarize specific actions taken during year.

The City continues to utilize the Strengthening Families Platform to promote collaborative efforts to address high priority issues in the community. It has proven to be a powerful mechanism for coordinating and strengthening the institutional structure of the community.

The task force includes local funding sources, state and local government service agencies, non-profit service providers, the school district and elected officials.

The collaboration allows all community groups to partner with the City, United Way and John T. Vucurevich Foundation to conduct one Community Needs Assessment that provides a baseline from which we can quantify accomplishments.

Ten high priority issues were identified and specific goals were set, using an aggressive time line for completion, to keep momentum and involvement high. They include:

- Affordable Housing
- Ending Chronic Homelessness
- Early Childhood Education and Child Care
- Authentic Youth Civic Engagement
- Ending Truancy and School Dropouts,
- Transportation,
- Mental Health and Substance Abuse Collaborative for Prevention and Treatment
- Offender Community Reentry to Reduce Recidivism
- Bank On Rapid City – Poverty Reduction Through Asset Building
- Substandard/Safe Housing.

Non-profit direct service providers in the community keep the City informed of citizen needs of all types, not just housing. City involvement with the Chamber of Commerce, Economic Development Partnership, Black Hills Mental Health and Substance Abuse Collaborative, Black Hills Homeless Coalition, Community Services Connection, housing and neighborhood organizations, and service clubs, provides exchanges of information as to the needs of the low-income residents between the City, community, and business leaders.

Over the past year the Community Development Manager was unable to be as involved in coordinating information and efforts as in the past, due to staffing issues, but the committees have continued working towards their goals.

The Affordable Housing and Safe Homes committee is continuing to work on ways to facilitate additional affordable housing and reduce the number of substandard houses. They are working

with the City Attorney's office to address landlords who are chronically reported for substandard conditions and unresponsiveness to the tenants.

The Mental Health and Substance Abuse Collaborative have made great progress on their plans. They have just relocated the 24/7 Crisis Care Center to a new, larger space to better serve the clients.

Explanation for actions proposed in plan but not taken, and how future actions will change based on this year's results.

Expansion of the Bank On program has faltered somewhat this year without constant City guidance. The other members are stretched with their regular jobs and no one had the time to take over leadership of the program. City staff was also too stretched to continue in that roll. They did try a cash incentive for the unbanked to open an account, but only had four (4) people take advantage of the offer over a two (2) month time frame.

If there is not strong participation and leadership within an initiative it won't move forward, and it is apparent that the City staff can't be that sole leadership. We will have to focus efforts where there is strong buy-in and participation from the stakeholders.

Enhance Coordination (PR15 and AP85)

The Non-Profit Support Network offers seminars and trainings for non-profit agency directors, boards, and staffs on topics that will strengthen agencies for long term survival, that include fundraising, program development, bookkeeping, staffing, marketing, advertising, customer service, record keeping, tracking results, and "telling their story."

The Community Development Manager provides technical assistance to agencies on program development for addressing gaps in services, grant management and performance based results.

Overall, Rapid City is very fortunate to have a very strong collaborative core of agencies that work together on many levels to serve their joint clientele. We have a very strong institutional structure with participants from all levels of government and service providers.

Actions taken

The City, Pennington County Health and Human Services, and NeighborWorks Dakota Home Resources have been working on enhancing coordination between housing agencies, Cornerstone Rescue Mission, P.C. Health and Human Services, Behavior Management Systems, and private developers. The Mayor and City Council members are very supportive of more public/private partnerships and are helping facilitate discussions. We will continue to work together to meet the needs of the community.

Fair Housing

The City contracted with Albertson Clark Associates for an Analysis of Impediments to Fair Housing study and it was published and approved by City Council in August 2002. The Analysis of Fair Housing Impediments was used along with community needs assessments and affordable housing surveys in setting priorities for CDBG funded projects since 2005, and the city has made good progress on addressing the seven (7) impediments identified in that study. However, those impediments were primarily affordable housing issues and not necessarily Fair Housing Impediments. The 2002 study is out of date and a new study will be submitted shortly after this report to bring the Fair Housing Impediments Study in line with the new 2013-2017 Consolidated Annual Action Plan and utilize the new 2010 Census data and the American Community Survey data that was only recently released for Rapid City.

Impediments to Fair Housing

An impediment to fair housing choice is a circumstance or condition that solely or disproportionately impacts housing choice for people based on one or more of the protected classes of the Fair Housing Act, specifically race, color, national origin, sex, religion, familial status, and/or disability. In South Dakota, it also includes creed and ancestry.

The Fair Housing Act seeks to provide fair housing choice for everyone. Fair housing choice is the ability of persons of similar income levels to have the same housing choices available to them regardless of race, color, religion, sex, handicap, familial status, or national origin.

The impediments (barriers) identified in the 2002 Study are listed and described above under *Barriers to Affordable Housing (SP-55 and AP-75) and Fair Housing*.

Actions taken to overcome effects of any impediments identified in analysis of impediments to fair housing choice.

The City continues to make CDBG funds available to perform handicap accessibility rehabilitation to owner occupied homes for disabled people through the City's Neighborhood Restoration Loan Program. The City's Neighborhood Restoration Loan Program provides rehabilitation assistance funds to low income homeowners to accomplish handicap accessibility modifications to homes, as well as other safety, structural, and energy efficiency projects. There were no owner requests for handicap modifications in 2012. Funding in the amount of \$56,000 was available in the Revolving Loan Fund in FY 2012.

The City provided funding to Goodwill to install a handicap accessible automatic door into their computer training center where homeless and low income people may go to get assistance with applying for jobs. Funding was in the amount of \$5,000.

The City provided the Human Relations Commission with office space, materials, staff assistance, and funding in the amount of \$1,000.

The City provides funding in the amount of \$600 for the Mayor's Disabilities Committee.

Additional actions taken on impediments (barriers) identified in the 2002 Study are listed and described above under *Barriers to Affordable Housing (SP-55 and AP-75) and Fair Housing*.

Actions taken regarding completion of analysis of impediments to fair housing choice, summary of impediments and actions taken to overcome.

Much of the gathering of information and community input for the new analysis of impediments study was completed in early to midyear 2012; however there was very little Census or American Community Survey data available for South Dakota or Rapid City on which to base substantive conclusions until the end of 2012. Information that was available in early 2012 was incorporated into the 2011 CAPER. The new 2013-2017 Consolidated Plan and contains data, identification of impediments, and a plan to address them. The Impediments Study will be finalized as soon as this CAPER is completed. All of the supporting data tables were completed for inclusion in the Consolidated Plan so what remains is assembly and some final analysis and narrative.

Completing the Consolidated Plan and the CAPER have taken longer than expected due to a series of events:

- Administrative secretary quit to take another job in early June 2012;
- Annual Action Plan selection process started October 1, 2012 (due date to HUD February 15, 2013 for AAP and Consolidated Plan);
- Hiring of new staff in late October 2012 after being without an administrative assistant for 5 months;
- Notice and training for new remediation plan for grants December 2012;
- Started working on Annual Action Plan in January, 2013 - required to use new template and must be submitted with Consolidated Plan;
- New grant monitoring remediation plans due in February for 12 projects;
- Requested extension for Con Plan and Annual Action;
- Started Consolidated Plan February, 2013;
- New HUD templates training April 8, & 22;
- All of these new requirements rolled out right at the time that our Annual Action Plan is due (Feb. 15), in addition to a new 5 year Consolidated Plan, 5 Year Fair Housing Study and our CAPER (June 15). We do not have money in our budget to hire any of these reports out, and I was, effectively, a one person Community Development office, who also supervises two other divisions. Being only semi-super human, I have not been able to turn all of these reports around in as timely a fashion as I usually demand of myself.

We have hired a new administrative assistant who is a quick learner, but training takes time, and it is realistically a two year learning curve for all the duties our office handles. HUD estimates that the average time to complete the new Consolidated Plan is 154 hours and 54 hours for the Annual Action Plan. The CAPER is probably about 54 hours too, requiring almost 7 weeks of work, just to complete these reports. The new Impediments to Fair Housing Study is comparable to the Consolidated Plan at

around 154 hours if done alone, but since much of the same information can be used in both, probably about 60 hours. In order to complete the expected 312 hours of work on the various plans as quickly as possible, I have been working 12-15 hour days, and most weekends. For the last 3 weeks I have been working outside the office three days a week in order to avoid interruptions. I quit attending all but mandatory meetings/trainings, both City and community, in order to give the reports the attention they need.

I prioritized the reports/plans/studies as follows:

- Annual Action Plan
- Remediation Plan
- Consolidated Plan
- CAPER
- Fair Housing Study

CR-40 Monitoring

Description of standards and procedures used to monitor activities carried out in furtherance of the plan and to ensure compliance with requirements of the programs involved, including minority business outreach and comprehensive planning requirements.

The Community Development Division (CDD) monitors activities funded under the Consolidated Plan and Annual Action Plan in a number of ways to ensure long-term compliance with program requirements.

- Contractual agreements are executed between the City of Rapid City and Sub-grantees that include the applicable HUD regulations and best practice oversights to ensure compliance with all regulations. Agreements spell out
 - requirements for reporting;
 - documentation;
 - access for site reviews of records;
 - Sub-grantee obligations to meet all applicable HUD, local, state, and federal regulations applicable to CDBG and the project.
- Training sessions are also held prior to the application deadline and release of funds in order to make all parties aware of the HUD regulations and compliance requirements.
- Files are audited monthly upon receipt of the monthly activity report for project progress and for numbers of people being assisted. Numbers are compared to the previous month to verify that totals are sequential and make sense.
- Files are reviewed every time a draw request is received to verify
 - balance remaining;
 - proper documentation of activities performed;
 - activity eligibility; and
 - numbers assisted match monthly report;
- Accounting sheets are maintained in the City CDBG Department file as well as the Finance Department. The purchase order draw request is reviewed and entered by the administrative secretary, then undergoes review and approval by four other people prior to being processed, to ensure accuracy.
- Site visits are conducted with new applicants at the beginning of the program year for the purpose of meeting the staff that will be involved with administering the funded program, discussing any questions or concerns on how they will handle the program and supporting documentation and files, and to review procedures. Staff provides technical assistance for maintaining files and tracking information.
- Site visits and audits are to be performed on all agencies on a rotating basis with emphasis on agencies that have program staff turnover, who are experiencing financial instability, or who are involved in complicated or high volume projects.
 - On site audits have been performed (**or will be completed by July 15, 2013**) on five (5) Sub-grantees:
 - Goodwill Industries – Public facility rehabilitation project; first-time funding recipient;
 - Lutheran Social Services – Stepping Stones Transitional Housing – Housing rehabilitation project ; not previously monitored;
 - Canyon Lake Seniors Center – Public facility rehabilitation project; new director;
 - Salvation Army – Public service; New staff person handling reporting;

- Youth and Family Services – Public service; Agency not been audited in past 4 years.
- A final review of each file is accomplished upon close out of funding and completion of the activity. The final audit reviews the accounting sheets and reporting documentation for accomplishments.

Projects that trigger Davis Bacon guidelines have additional oversight requirements that include a contractor training session to review payroll and draw documentation, work site requirements and minimum pay rates for workers.

Internal controls have been designed to ensure adequate segregation of duties. The City's Finance Department establishes accounts and issues checks for draw requests after review processes are completed, in cooperation with the Community Development Division. The Community Development Division monitors invoices for compliance with the contractual agreement, approved spending plan and federal regulations. The Finance Department does a secondary review of the draw based on purpose of draw, amount requested, and supporting documentation. The Community Development Division is responsible for setting up and administering project activities on the Integrated Disbursement and Information System (IDIS).

Monitoring Findings

In 2012 all accounts were reviewed monthly upon receipt of draw requests for proper documentation, balances and accomplishment reporting.

The Community Development Division performed five (5) on-site audits of sub-grantees at the end of the program year: Goodwill Industries, Lutheran Social Services, Canyon Lake Senior Services, Salvation Army and Youth and Family Services.

- Goodwill Industries was audited because they were a new sub-grantee who had never utilized CDBG funds.
- Lutheran Social Services – Stepping Stones Transitional Housing has received funds before, but has not previously been monitored
- Canyon Lake Seniors Center – has previously received funding, and audit and technical assistance, but has a new director;
- Salvation Army was previously audited, but has new staffing handling the reporting;
- Youth and Family Services – Agency not been audited in past 4 years.

Accounting audit findings for the sub-grantees are not available at time of posting, but will be included in the report for final approval.

Audits will be completed by July 15, 2013 and will be included at that time.

Description of efforts to provide citizens with reasonable notice and an opportunity to comment on performance reports.

The Citizen Participation plan for the Community Development Block Grant program endeavors to provide the citizens of Rapid City every opportunity to comment on the Annual Action Plans,

Consolidated Plans and Consolidated Annual Performance and Evaluation Reports. Reports are published on the City web site and hard copies are displayed in the City administration building, the Community Development Division's office, the Public Library's main office and General Beadle School satellite, and the lobby of the Pennington County Housing and Redevelopment Commission's office building. Display ads and public notices are run in the Rapid City Journal and the Native Sun Times, both local papers with large distributions locally as well as statewide. A fifteen-day comment period and public meeting were held to collect public input on the Consolidated Plan Annual Performance Evaluation Report (CAPER). Citizens have the opportunity to offer their comments regarding the CDBG program in writing to the Rapid City Community Development Division, or in person at public hearings or City Council meetings.

The City provides for and encourages the submission of citizen's views and proposals regarding the Community Development Program, the Consolidated Plan, Annual Action Plan and the Community Annual Performance and Evaluation Report through:

- assessments and surveys;
- public notices;
- public information meetings;
- public hearings; and
- listening sessions.

Additionally, staff attends community meetings, board meetings and other organization meetings to hear what issues they are bringing up and actions needed or to be taken towards addressing them. Those issues are also taken into account in preparing the Consolidated Plan and Annual Action Plans.

The City updated the Citizen Participation Plan in April 2012 to update new locations where copies of the plans can be viewed and obtained, publication sources, and availability for those with disabilities and language challenges.

Materials will be provided in other languages and accommodations will be made for hearing and sight impaired, as requested.

Minority Business Outreach

Comprehensive Planning Requirements

Public Participation

Are the activities and strategies making an impact on identified needs?

Addressing issues of homelessness, poverty, substance abuse, mental illness, and affordable housing is not easy or cheap. Limited resources, declining funding, economic crisis and staff reductions in non-profit organizations, state and local agencies and government offices have all effected progress and outcomes of various programs and initiatives. However, in spite of that, we have seen progress on many of our initiatives such as:

- Improved access to mental health treatments and crisis intervention has reduced the burden on the emergency room and helped stabilize people in crisis without commitments.
- Homeless persons and parolees returning to the community are getting assistance through more coordinated case management that reduces duplication of services and gets them connected to needed services in a more timely manner, reducing crisis situations and allowing them to become stable and productive. Initial results show a reduction in recidivism.
- Owner occupied rehabilitation has eliminated blight and substandard conditions of low income housing, improved access and livability of homes for the handicapped and elderly, improved appearance and pride in neighborhoods and the sustainability of existing housing stock. It has also made it possible for people to remain in their own homes and have more energy efficient systems, saving them money that can be used on other necessities.
- The kitchen remodel has made it possible for Cornerstone to provide meals to more people in need and accommodate larger groups of volunteers to serve meals.
- Rehabilitation projects on the public facilities provided updated energy systems and windows for energy efficiency that will lower overhead costs allowing them to utilize funds for other needs. Projects also improved safety through installations of fire suppression systems.
- Behavior Management Systems counseling assistance for the mentally ill and case management provides needed assistance to clients to help them access needed medical supervision and medications, eliminating negative setbacks (arrests, detox visits, ER visits, and involuntary commitments)and emergency room trips when medications run out. They are much more stable, able to hold down jobs and be productive. The cost savings to the community averages over \$1 million dollars a year.
- Housing projects have allowed low income households to become homeowners, achieving stability and control over their housing location and payments. Kids don't have to change schools and now have a sense of belonging. Families have begun to accumulate some wealth for future education or retirement.

What barriers may have a negative impact on fulfilling the strategies and overall vision?

Lack of funding to continue programs will have a negative impact on success of many of the programs. With so many crises in communities all over the country and world, personal and corporate donations

have dropped. Many of the local agencies have had to start laying off people and cut back on the services they can provide. As agency staffs shrink, people have less time to participate in discussions and activities directed towards solving problems.

High property costs make it difficult to achieve the necessary affordability range of \$350-\$500 rents to meet the needs of people who will not be able to access Section VIII gap assistance.

Bank financing regulations are making it difficult to find the necessary funding for carrying out all construction projects.

Lack of funding for operations costs for public service organizations has always been an issue, but it is becoming more critical. Without adequate operations costs agencies will not be able to continue functioning.

What is the status of grant programs?

The status of the majority of the grant programs is good.

Eleven out of seventeen projects were complete as of May 31, 2013 (close of program year was March 31, 2013). Four of the remaining projects are housing projects who have had difficulties in finding qualified buyers with the bank required personal investment. One remaining project is a rehab on a senior center and will be completed by the end of July. The last remaining project is a public service and the final draw should be completed shortly.

This is the first year that we have not had any prior year active grants still open.

Are any activities or types of activities falling behind schedule?

All of the housing agency's projects have struggled to find qualified buyers with the needed cash investment to purchase their properties because of the tougher mortgage approval guidelines and higher buyer investment requirements. Habitat has also experienced difficulty in raising the funds for building the homes once they have identified properties. They are all aggressively marketing their properties and working with Realtors and Lenders to find buyers and close out their grants.

Community Health Services is going to build a new, much needed health center so they can expand services, but the project has been slow to move due to a zoning change issue. However, they are finalizing the architectural drawings and plans and hope to begin construction this fall with completion in 2014.

Are grant disbursements timely?

Our subrecipients have expended their funds in a timely manner and we entered 2013 with the lowest grant balance in 10 years.

Are major goals on target?

Our Goals and Accomplishments report shows, we have met or exceeded many of our goals in spite of the challenges of the economic times and resources.

Are there any open Brownfields Economic Development Initiative grants?

The City of Rapid City does not have any open Brownfields Economic Development Initiative grants.

- This certification does not apply.
 This certification is applicable.

NON-STATE GOVERNMENT CERTIFICATIONS

In accordance with the applicable statutes and the regulations governing the consolidated plan regulations, the jurisdiction certifies that:

Affirmatively Further Fair Housing -- The jurisdiction will affirmatively further fair housing, which means it will conduct an analysis of impediments to fair housing choice within the jurisdiction, take appropriate actions to overcome the effects of any impediments identified through that analysis, and maintain records reflecting that analysis and actions in this regard.

Anti-displacement and Relocation Plan -- It will comply with the acquisition and relocation requirements of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended, and implementing regulations at 49 CFR 24; and it has in effect and is following a residential anti-displacement and relocation assistance plan required under section 104(d) of the Housing and Community Development Act of 1974, as amended, in connection with any activity assisted with funding under the CDBG or HOME programs.

Drug Free Workplace -- It will or will continue to provide a drug-free workplace by:

1. Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the grantee's workplace and specifying the actions that will be taken against employees for violation of such prohibition;
2. Establishing an ongoing drug-free awareness program to inform employees about -
 - a. The dangers of drug abuse in the workplace;
 - b. The grantee's policy of maintaining a drug-free workplace;
 - c. Any available drug counseling, rehabilitation, and employee assistance programs; and
 - d. The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;
3. Making it a requirement that each employee to be engaged in the performance of the grant be given a copy of the statement required by paragraph 1;
4. Notifying the employee in the statement required by paragraph 1 that, as a condition of employment under the grant, the employee will -
 - a. Abide by the terms of the statement; and
 - b. Notify the employer in writing of his or her conviction for a violation of a criminal drug statute occurring in the workplace no later than five calendar days after such conviction;
5. Notifying the agency in writing, within ten calendar days after receiving notice under subparagraph 4(b) from an employee or otherwise receiving actual notice of such conviction. Employers of convicted employees must provide notice, including position title, to every grant officer or other designee on whose grant activity the convicted employee was working, unless the Federal agency has designated a central point for the receipt of such notices. Notice shall include the identification number(s) of each affected grant;
6. Taking one of the following actions, within 30 calendar days of receiving notice under subparagraph 4(b), with respect to any employee who is so convicted -
 - a. Taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended; or
 - b. Requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency;
7. Making a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs 1, 2, 3, 4, 5 and 6.

Anti-Lobbying -- To the best of the jurisdiction's knowledge and belief:

8. No Federal appropriated funds have been paid or will be paid, by or on behalf of it, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement;
9. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, it will complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions; and
10. It will require that the language of paragraph 1 and 2 of this anti-lobbying certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

Authority of Jurisdiction -- The consolidated plan is authorized under State and local law (as applicable) and the jurisdiction possesses the legal authority to carry out the programs for which it is seeking funding, in accordance with applicable HUD regulations.

Consistency with plan -- The housing activities to be undertaken with CDBG, HOME, ESG, and HOPWA funds are consistent with the strategic plan.

Section 3 -- It will comply with section 3 of the Housing and Urban Development Act of 1968, and implementing regulations at 24 CFR Part 135.

 This certification is applicable.

Specific CDBG Certifications

The Entitlement Community certifies that:

Citizen Participation -- It is in full compliance and following a detailed citizen participation plan that satisfies the requirements of 24 CFR 91.105.

Community Development Plan -- Its consolidated housing and community development plan identifies community development and housing needs and specifies both short-term and long-term community development objectives that provide decent housing, expand economic opportunities primarily for persons of low and moderate income. (See CFR 24 570.2 and CFR 24 part 570)

Following a Plan -- It is following a current consolidated plan (or Comprehensive Housing Affordability Strategy) that has been approved by HUD.

Use of Funds -- It has complied with the following criteria:

11. **Maximum Feasible Priority** - With respect to activities expected to be assisted with CDBG funds, it certifies that it has developed its Action Plan so as to give maximum feasible priority to activities which benefit low and moderate income families or aid in the prevention or elimination of slums or blight. The Action Plan may also include activities which the grantee certifies are designed to meet other community development needs having a particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community, and other financial resources are not available);
12. **Overall Benefit** - The aggregate use of CDBG funds including section 108 guaranteed loans during program year(s) 2013, 2___, 2___, (a period specified by the grantee consisting of one, two, or three specific consecutive program years), shall principally benefit persons of low and moderate income in a manner that ensures that at least 70 percent of the amount is expended for activities that benefit such persons during the designated period;
13. **Special Assessments** - It will not attempt to recover any capital costs of public improvements assisted with CDBG funds including Section 108 loan guaranteed funds by assessing any amount against properties owned and occupied by persons of low and moderate income, including any fee charged or assessment made as a condition of obtaining access to such public improvements.

However, if CDBG funds are used to pay the proportion of a fee or assessment that relates to the capital costs of public improvements (assisted in part with CDBG funds) financed from other revenue sources, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds.

The jurisdiction will not attempt to recover any capital costs of public improvements assisted with CDBG funds, including Section 108, unless CDBG funds are used to pay the proportion of fee or assessment attributable to the capital costs of public improvements financed from other revenue sources. In this case, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds. Also, in the case of properties owned and occupied by moderate-income (not low-income) families, an assessment or charge may be made against the property for public improvements financed by a source other than CDBG funds if the jurisdiction certifies that it lacks CDBG funds to cover the assessment.

Excessive Force -- It has adopted and is enforcing:

14. A policy prohibiting the use of excessive force by law enforcement agencies within its jurisdiction against any individuals engaged in non-violent civil rights demonstrations; and
15. A policy of enforcing applicable State and local laws against physically barring entrance to or exit from a facility or location which is the subject of such non-violent civil rights demonstrations within its jurisdiction;

Compliance With Anti-discrimination laws -- The grant will be conducted and administered in conformity with title VI of the Civil Rights Act of 1964 (42 USC 2000d), the Fair Housing Act (42 USC 3601-3619), and implementing regulations.

Lead-Based Paint -- Its activities concerning lead-based paint will comply with the requirements of part 35, subparts A, B, J, K and R, of title 24;

Compliance with Laws -- It will comply with applicable laws.

**OPTIONAL CERTIFICATION
CDBG**

Submit the following certification only when one or more of the activities in the action plan are designed to meet other community development needs having a particular urgency as specified in 24 CFR 570.208(c):

The grantee hereby certifies that the Annual Plan includes one or more specifically identified CDBG-assisted activities, which are designed to meet other community development needs having a particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community and other financial resources are not available to meet such needs.

Specific HOME Certifications

The HOME participating jurisdiction certifies that:

Tenant Based Rental Assistance -- If the participating jurisdiction intends to provide tenant-based rental assistance:

The use of HOME funds for tenant-based rental assistance is an essential element of the participating jurisdiction's consolidated plan for expanding the supply, affordability, and availability of decent, safe, sanitary, and affordable housing.

Eligible Activities and Costs -- it is using and will use HOME funds for eligible activities and costs, as described in 24 CFR § 92.205 through 92.209 and that it is not using and will not use HOME funds for prohibited activities, as described in § 92.214.

Appropriate Financial Assistance -- before committing any funds to a project, it will evaluate the project in accordance with the guidelines that it adopts for this purpose and will not invest any more HOME funds in combination with other Federal assistance than is necessary to provide affordable housing;

HOPWA Certifications

The HOPWA grantee certifies that:

Activities -- Activities funded under the program will meet urgent needs that are not being met by available public and private sources.

Building -- Any building or structure assisted under that program shall be operated for the purpose specified in the plan:

1. For at least 10 years in the case of assistance involving new construction, substantial rehabilitation, or acquisition of a facility,
2. For at least 3 years in the case of assistance involving non-substantial rehabilitation or repair of a building or structure.

ESG Certifications

I, _____, Chief Executive Officer of **Error! Not a valid link.**, certify that the local government will ensure the provision of the matching supplemental funds required by the regulation at 24 *CFR* 576.51. I have attached to this certification a description of the sources and amounts of such supplemental funds.

I further certify that the local government will comply with:

1. The requirements of 24 *CFR* 576.53 concerning the continued use of buildings for which Emergency Shelter Grants are used for rehabilitation or conversion of buildings for use as emergency shelters for the homeless; or when funds are used solely for operating costs or essential services.
2. The building standards requirement of 24 *CFR* 576.55.
3. The requirements of 24 *CFR* 576.56, concerning assurances on services and other assistance to the homeless.
4. The requirements of 24 *CFR* 576.57, other appropriate provisions of 24 *CFR* Part 576, and other applicable federal laws concerning nondiscrimination and equal opportunity.
5. The requirements of 24 *CFR* 576.59(b) concerning the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970.
6. The requirement of 24 *CFR* 576.59 concerning minimizing the displacement of persons as a result of a project assisted with these funds.
7. The requirements of 24 *CFR* Part 24 concerning the Drug Free Workplace Act of 1988.
8. The requirements of 24 *CFR* 576.56(a) and 576.65(b) that grantees develop and implement procedures to ensure the confidentiality of records pertaining to any individual provided family violence prevention or treatment services under any project assisted with ESG funds and that the address or location of any family violence shelter project will not be made public, except with written authorization of the person or persons responsible for the operation of such shelter.
9. The requirement that recipients involve themselves, to the maximum extent practicable and where appropriate, homeless individuals and families in policymaking, renovating, maintaining, and operating facilities assisted under the ESG program, and in providing services for occupants of these facilities as provided by 24 *CFR* 76.56.
10. The requirements of 24 *CFR* 576.57(e) dealing with the provisions of, and regulations and procedures applicable with respect to the environmental review responsibilities under the National Environmental Policy Act of 1969 and related

authorities as specified in 24 *CFR* Part 58.

11. The requirements of 24 *CFR* 576.21(a)(4) providing that the funding of homeless prevention activities for families that have received eviction notices or notices of termination of utility services will meet the requirements that: (A) the inability of the family to make the required payments must be the result of a sudden reduction in income; (B) the assistance must be necessary to avoid eviction of the family or termination of the services to the family; (C) there must be a reasonable prospect that the family will be able to resume payments within a reasonable period of time; and (D) the assistance must not supplant funding for preexisting homeless prevention activities from any other source.
12. The new requirement of the McKinney-Vento Act (42 *USC* 11362) to develop and implement, to the maximum extent practicable and where appropriate, policies and protocols for the discharge of persons from publicly funded institutions or systems of care (such as health care facilities, foster care or other youth facilities, or correction programs and institutions) in order to prevent such discharge from immediately resulting in homelessness for such persons. I further understand that state and local governments are primarily responsible for the care of these individuals, and that ESG funds are not to be used to assist such persons in place of state and local resources.
13. HUD's standards for participation in a local Homeless Management Information System (HMIS) and the collection and reporting of client-level information.

I further certify that the submission of a completed and approved Consolidated Plan with its certifications, which act as the application for an Emergency Shelter Grant, is authorized under state and/or local law, and that the local government possesses legal authority to carry out grant activities in accordance with the applicable laws and regulations of the U. S. Department of Housing and Urban Development.

APPENDIX TO CERTIFICATIONS

Instructions Concerning Lobbying and Drug-Free Workplace Requirements

Lobbying Certification

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

Drug-Free Workplace Certification

1. By signing and/or submitting this application or grant agreement, the grantee is providing the certification.
2. The certification is a material representation of fact upon which reliance is placed when the agency awards the grant. If it is later determined that the grantee knowingly rendered a false certification, or otherwise violates the requirements of the Drug-Free Workplace Act, HUD, in addition to any other remedies available to the Federal Government, may take action authorized under the Drug-Free Workplace Act.
3. Workplaces under grants, for grantees other than individuals, need not be identified on the certification. If known, they may be identified in the grant application. If the grantee does not identify the workplaces at the time of application, or upon award, if there is no application, the grantee must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the grantee's drug-free workplace requirements.
4. Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under the grant takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio stations).
5. If the workplace identified to the agency changes during the performance of the grant, the grantee shall inform the agency of the change(s), if it previously identified the workplaces in question (see paragraph three).
6. The grantee may insert in the space provided below the site(s) for the performance of work done in connection with the specific grant: Place of Performance (Street address, city, county, state, zip code) Check if there are workplaces on file that are not identified here. The certification with regard to the drug-free workplace is required by 24 CFR part 21.

Place Name	Street	City	County	State	Zip
City of Rapid City - C/SAC Bldg	300 Sixth Street	Rapid City	Pennington	SD	57701
City of Rapid City - Community Development	333 Sixth Street	Rapid City	Pennington	SD	57701
Other Locations on File					

7. Definitions of terms in the Nonprocurement Suspension and Debarment common rule and Drug-Free Workplace common rule apply to this certification. Grantees' attention is called, in particular, to the following definitions from these rules: "Controlled substance" means a controlled substance in Schedules I through V of the Controlled Substances Act (21 U.S.C. 812) and as further defined by regulation (21 CFR 1308.11 through 1308.15); "Conviction" means a finding of guilt (including a plea of *nolo contendere*) or imposition of sentence, or both, by any judicial body charged with the responsibility to determine violations of the Federal or State criminal drug statutes; "Criminal drug statute" means a Federal or non-Federal criminal statute involving the manufacture, distribution, dispensing, use, or possession of any

controlled substance; "Employee" means the employee of a grantee directly engaged in the performance of work under a grant, including:

- a. All "direct charge" employees;
- b. all "indirect charge" employees unless their impact or involvement is insignificant to the performance of the grant; and
- c. temporary personnel and consultants who are directly engaged in the performance of work under the grant and who are on the grantee's payroll. This definition does not include workers not on the payroll of the grantee (e.g., volunteers, even if used to meet a matching requirement; consultants or independent contractors not on the grantee's payroll; or employees of subrecipients or subcontractors in covered workplaces).

Note that by signing these certifications, certain documents must be completed, in use, and on file for verification. These documents include:

- 1. Analysis of Impediments to Fair Housing
- 2. Citizen Participation Plan
- 3. Anti-displacement and Relocation Plan

2010	April 2010 monthly 41, YTD 41. May monthly 29, YTD 70. June monthly 26, YTD 96. July monthly 32, YTD 128. August monthly 28, YTD, 156. September 32, YTD 188. October 32, YTD 220. November 41, YTD 261.	
2011	An audit showed that proper documentation for meeting the low-to-moderate income benefit was not being kept. Club for boys determined that they did not have enough staff/funding to collect the necessary data. Club for Boys repaid funding already drawn (\$699.81) and the City recaptured remaining unspent funds for reallocation to other activities.

Persons for Whom Services and Facilities were Available	0 ⁵
Units Rehabilitated-Single Units	7
Units Rehabilitated-Multi Unit Housing	16

Funds Leveraged for Activities Completed \$220,608.35

Notes

1 Also, additional funds may have been available from prior years.

2 The return of grant funds is not reflected in these expenditures.

3 Derived by dividing annual expenditures for low-and moderate-income activities by the total expenditures for all activities (excluding planning and administration, except when State planning activities have a national objective) during the program year.

4 For entitlement communities, these data are only for those activities that directly benefit low- and moderate-income persons or households. They do not include data for activities that provide assistance to low- and moderate-income persons on an area basis, activities that aid in the prevention and elimination of slums and blight, and activities that address urgent needs. For states, these data are reported for all activities that benefit low- and moderate-income persons or households, aid in the prevention and elimination of slums and blight, and address urgent needs.

5 This number represents the total number of persons/households for whom services/facilities were available for [in many cases] multiple area benefit activities as reported by grantees. A service or facility meeting the national objective of benefiting low- and moderate-income persons on an area basis is available to all residents of the area served by the activity. If one or more activities had the same or overlapping service areas, the number of persons served by each activity was used to calculate the total number served; e.g., if two activities providing different services had the same service area, the number of persons in the service area would be counted twice; once for each activity.

- XVI. Modification to Citizen Participation Plan

I. THE CITIZEN PARTICIPANT PLAN

What is the Citizen Participation Plan?

The City of Rapid City utilizes the programs of various Federal and State agencies, including the U.S. Department of Housing and Urban Development to implement housing and community development related activities.

Rapid City recognizes the obligation to provide adequate information to citizens regarding those programs through which it may seek funding. Therefore, the City will insure that adequate information is provided to local citizens to evaluate various proposals. The City will create and maintain a proper forum to obtain citizen views on housing and community development related issues.

The City receives an annual CDBG grant from the U.S. Department of housing and Urban Development, resulting from its classification as an "entitlement" community. The City is also eligible to apply for supplemental funds under the Section 108 Loan Guarantee Program. The City may exercise its option to apply for Section 108 Loan Guarantee Program funding, and in so doing, will follow the procedures outlined in this Citizen Participation Plan. From time to time, the City may also apply for other forms of financial assistance in support of housing and community development initiatives, including federal HOME funds. In these circumstances, the City will follow the procedures outlined in this document.

The City recognizes that persons affected by public action should have a voice in policy formulation. Although the various housing and community development related activities are designed to have a long term beneficial effect on the community, these activities may also have an adverse impact on some individuals. Therefore, it is important that citizens know what is being planned and given an opportunity to present their views.

The City recognizes the need to consult and coordinate with appropriate public, nonprofit, and private agencies, such as the state and local jurisdictions, local public housing agencies participating in an approved Capital Fund Program, and among its own departments, to assure that its programs and plans are comprehensive and address all statutory requirements. It will also confer with social services agencies regarding the housing needs of children, elderly persons, persons with disabilities, homeless persons, and other categories of residents. The City will consult with the state and local health and child welfare agencies, and examine existing data on hazards and poisonings, including health department data on the addresses of housing units in which children have been identified as lead poisoned.

In order to comply with the spirit of program requirements relative to citizen participation, the City has developed this Citizen Participation Plan. Generally, the plan is designed to insure the involvement of affected persons and other concerned citizens, the openness and freedom of access to information, the adequate and timely presentation of pertinent data, the submission of views and proposals, and the continuity of citizen participation through each stage of the planning and execution of CDBG activities.

II. ADEQUATE INFORMATION

What kind of information does it provide?

The City shall provide for full public access of information pertaining to the CDBG program to citizens, public agencies, and other interested parties, including those most affected by proposed activities. Affirmative efforts will be made to make adequate information available to citizens, especially to those of low, very low, and extremely low income and to those residing in slum and blighted areas and in areas where funds from federal or state programs are proposed to be used. At the time the City initiates the process to seek specific funding, the following program information shall be provided:

- A. The total amount of funds expected to be available to the City for housing and community development activities;
- B. The range of eligible activities that may be undertaken with these funds;
- C. The estimated amount of funds proposed to be used for activities that will benefit low, very low, and extremely low income persons;
- D. The possibility of residential and/or commercial displacement resulting from program implementation and the plans for minimizing such displacement, and;
- E. The types and levels of assistance to be made available to persons displaced by contemplated activities.

Upon completion of an application for funding and submission of the application to the appropriate agency, the City shall publish a notice in a newspaper of general circulation if program regulation so require. The notice shall appear in both the *Rapid City Journal* and the *Native Sun*. The notice will indicate that the application has been submitted and is available to interested parties upon request. The City shall make copies of the appropriate documentation available at the C/SAC Building, 300 Sixth Street, Rapid City, South Dakota 57701-2724.

III. SUBMISSION OF VIEWS AND PROPOSALS

Who may comment on the information?

The City shall provide for and encourage the submission of citizens' views and proposals regarding the Community Development Program; particularly low and moderate income persons, residents of identified blighted areas, and residents of public housing. This includes submission of such views:

- A. Directly to the City during the planning period, and
- B. At other informal meetings if scheduled by the City prior to formal public hearings; and

C. At formal public hearings.

The City shall provide timely responses to all written proposal stating the reasons for the actions taken by the City on the proposal.

Whenever possible, the City will respond within fifteen (15) working days and, whenever practical, responses will be made prior to the consideration and action on the Community Development Program by the City Council of the City of Rapid City.

IV. THE CONSOLIDATED PLAN AND STRATEGY

What is the Consolidated Plan?

The Consolidated Plan and Strategy will address affordable housing, economic and community development needs, conservation of neighborhoods, economic stimulation, provision of public improvements and facilities, public services and related issues. The planning process will provide an opportunity for citizen participation in identifying and prioritizing needs and the development of an overall strategy in addressing said needs. Specific projects and activities designed to address needs will be incorporated in an annual plan for use of entitlement CDBG funds.

V. PLANNING PROCESS

What is the CP Planning Process?

The planning and preparation of the City's Consolidated Plan, along with the proposed use of annual entitlement funds, shall be carried out in accordance with applicable HUD requirements and will include the following:

- A. The assembly of affordable housing and community development information will be carried out as an on-going process to identify and prioritize City needs. Prior to the consolidated plan being presented to the public it will receive approval from the City Council.
- B. Conduct a minimum of two (2) public hearings during each consolidated program year to obtain the views of citizens and organizations prior to the commencement date of the City's consolidated program year. The first hearing shall be conducted to solicit citizen input for development of the proposed consolidated plan. The second hearing shall afford citizens an opportunity to comment and offer suggestions on the proposed consolidated plan prior to the action of the City Council and subsequent submission to HUD.

The hearings will be conducted at locations and times that provide ease of access for citizen attendance. Information presented by those in attendance will be used to identify and prioritize housing and community development needs and plan proposed projects and activities to address said needs.

- C. Conduct public meetings with local citizens and local agencies to review housing and community development needs.
- D. Meet with and/or communicate with public, nonprofit, and private agencies which may offer input on needs and/or projects and activities to address said needs.
- E. Provide a thirty (30) day review period on the proposed consolidated plan and strategy which include projects and activities to be undertaken with CDBG funds. The public notice shall identify locations where the proposed consolidated plan will be available for citizen review. During the review period, citizens may provide comments in writing to the City of Rapid City, 300 Sixth Street, Rapid City, South Dakota 57701-2724.
- F. A public hearing shall be conducted on the proposed consolidated plan and strategy (including the use of annual entitlement CDBG funds) during or following the thirty (30) day review period and shall contain a summary of the Proposed Consolidated Plan and annual entitlement submission. The notice shall also provide the expected date for action by the Rapid City governing body. All citizen comments shall be presented in writing prior to the public hearing or during the public hearing. Adequate time will be reserved to modify the proposed consolidated plan based on citizen comment prior to action of the City Council and submittal of the consolidated plan to HUD.
- G. The City may act on the consolidated plan and use of entitlement funds at any time following the thirty (30) day review period and after the second public hearing and prior to submittal of the consolidated plan and strategy to HUD.
- H. It is the policy of the City of Rapid City to carry out its Community Development Block Grant Program in a manner that minimizes the displacement of residents and businesses. However, in instances where displacement is unavoidable, information on the types and levels of assistance to be made available to persons displaced will be made available at the C/SAC Building.

VI. NOTICE OF HEARING AND MEETING

What opportunities are there for citizen's comments?

An initial hearing will be held to obtain the views of interested citizens and organizations regarding overall community development and housing needs, development of proposed activities, and a review of program performance. The second hearing will be held to obtain the views of interested citizens and organizations on the proposed use of CDBG funds and other elements of the consolidated plan.

Generally, hearings shall be held at the City/School Administration Center building. However, the City has the option of conducting hearings in local neighborhood meeting places, such as local churches. Such hearings will be duly advertised. All public hearings will

be held in facilities that afford accessibility for persons with disabilities. At least fourteen (14) calendar days prior to any hearing, a notice shall be published in the non-legal section of a paper of general circulation. The notice will give the date, time, place and topics to be considered at the hearing.

Notices will also be sent to social service agencies and other public and semi-public groups which may have particular interest in or be affected by the proposed program. The City will work through these agencies and groups to encourage participation in the hearing process on the part of low, very low, and extremely low income persons who reside in areas where funds will be spent.

The City will also work with these agencies and groups to involve persons who reside in low, very low, or extremely low income neighborhoods. All notices of the second hearing will also contain a detailed description of the area or areas affected by the project activities in an effort to alert the residents of these areas of such proposals and to encourage their participation in the hearing process.

Copies of Plans will be made available at no cost to the public for review on the city web-site www.rcgov.org/pdfs/Community-Development and at the following locations:

Pennington County Housing and Redevelopment Commission
1805 Fulton St., Rapid City, SD 57702

Rapid City Public Library
610 Quincy St., Rapid City, SD 57701

Rapid City Public Library North
General Beadle School, 10 Van Buren St., Rapid City, SD 57701

City/School Administration Center
Information Desk, 300 6th Street, Rapid City, SD 57701

Community Development Division
333 6th St. Rapid City, SD 57701

The City encourages all organizations or groups representing affected residents to become involved in the citizen participation process. The City shall place such organizations or groups on its mailing list of representative groups and organizations. The City shall be responsible for maintaining a list of representative groups and organizations. This list shall be updated at the beginning of each program year. Additions to the list may be made by written request to the City stating the nature of the organizations services and why it should be included on the City's list of representative groups.

The City shall have the responsibility for calling meetings and hearings with citizens likely to be affected by activities undertaken by the City. The City shall also develop procedures for meetings and hearings for moderating such meetings.

VII. NON-ENGLISH SPEAKING AND PHYSICALLY DISABLED RESIDENTS

What is the City doing for non-English speaking residents and physically disabled residents?

The City will take such measures as are appropriate to accommodate the needs of non-English speaking and hearing impaired residents in the case of public hearings where a majority of the participants at the hearing are expected to be non-English speaking or hearing impaired residents. At a minimum, all handout material prepared for such hearings will be bi-lingual to accommodate the needs of the attendees. Secondly, the City may engage the services of a bi-lingual person to assist in presenting relevant information at the hearing, if such services are requested. In addition, the City will publish the Telephone Device for the Deaf (TDD) number so hearing impaired residents may have access to the information.

All meeting locations will be accessible to persons with disabilities. Materials will also be delivered in writing by mail to persons with disabilities, and may be delivered to the home if time is of essence, upon request. Persons requiring assistance, or interpretive services should contact the City at least five (5) days prior to the meeting date.

VIII. TECHNICAL ASSISTANCE

Is technical assistance available?

Technical assistance from the City or third party contractors to the City or its agencies will be provided to citizen participants, low, very low, and extremely low income groups or persons in order to enable them to understand the federal requirements associated with the CDBG program, such as Davis-Bacon Federal Labor Standards provisions, environmental policies, equal opportunity requirements, relocation provisions, etc. Technical assistance will also be provided to groups representative of persons of low, very low, and extremely low income, and extremely low income that request assistance in developing proposals. Such assistance will be made available upon request by interested citizens or organizations to the City. In addition, the City, through the public hearings, will review such program requirements and will have available for interested parties handout material dealing with technical program requirements so as to assure understanding. Furthermore, the City will provide interpretation services to any non-speaking person or hearing impaired persons who may require such assistance in understanding a particular program being planned or administered by the city.

IX. RESPONSE TO PROPOSALS SUBMITTED

How will the City respond to proposals submitted?

The City of Rapid City will respond in writing to all proposals submitted verbally or in writing at public hearings or meetings. The City's response to a request for activities or projects shall be made within fifteen (15) days from the date of the hearing or meeting, or prior to the meeting of the City Council to consider approval of the use of annual entitlements funds.

X. RESPONSIBILITY FOR CONDUCTING HEARINGS OR MEETINGS

Who is responsible for conducting hearings?

The City shall have the responsibility for conducting meetings and hearings relative to the Community Development Block Grant program. The City shall also develop procedures for meetings and hearings.

XI. RESPONSE TO COMPLAINTS SUBMITTED BY CITIZENS

How will the City respond to complaints by citizens?

The City of Rapid City will respond in writing to written citizen complaints related to the Community Development Program within fifteen (15) working days from receipt of such complaint.

All correspondence should be directed to:

City of Rapid City
300 Sixth Street
Rapid City, SD 57701-2724

XII. AMENDMENT PROCESS

Can the city amend its programs?

The City must amend its approved program based upon one of the following decisions:

- A. To make substantial change in its allocation priorities; A substantial change in allocation priorities is defined as:
 - 1) A 50% change in the project if the project is funded at \$25,000 or less.
 - 2) A 25% change in the project if the project is funded at \$25,001 or more.
- B. To undertake an activity, using program funds (including program income), which was not previously described in an action plan or funding application.
- C. To not carry out an activity for which funding is approved; or
- D. To substantially change the purpose, scope, location or beneficiaries of an activity.

A substantial change is defined as the increase or decrease of more than 25% in the service area and/or class of beneficiaries.

In such instance, the City of Rapid City shall provide citizens with reasonable notice of, and opportunity to comment on, such proposed changes in its use of funds. The City will publish a notice in the non-legal section of a paper of general circulation of the proposed program change and give interested or affected citizens at least thirty (30) calendar days to submit comments on the amendment, prior to taking such amendment action. The City will notify the appropriate funding agency of the proposal and provide a description of any changes.

XIII. EMERGENCY PROJECTS

For emergency activities, it is the policy of the City Council of the City of Rapid City to grant a temporary waiver for the thirty (30) day "Citizen Review and Comment Period". The City will advertise the project for citizen comment concurrent with the start of the project.

In keeping with federal regulations, an emergency project can be defined as an emergency activity of recent origin in which existing conditions poses a serious and immediate threat to the health, safety, or welfare of the community. A subrecipient must submit certification from a qualified official stating the nature of the emergency and that it poses a serious threat to the community.

XIV. MONITORING AND EVALUATION OF COMMUNITY DEVELOPMENT PERFORMANCE

How will the Community Development Program be evaluated?

The City will provide full public access to program information. The City shall maintain the following data:

- A. Mailing and promotional material related to the Citizen Participation Process.
- B. Record of Hearing
- C. Key documents including prior statements, consolidated plan and strategy, approval letters, performance reports, evaluation reports, and other documents required by the Department of Housing and Urban Development.
- D. Copies of regulations and policy statements issued by the Department of Housing and Urban Development. All of the above data is available for inspection at the Community Development office at 333 6th Street, Rapid City, SD.

XV. MODIFICATION OF PLAN

Can this Plan be modified?

The citizen participation plan may be modified from time to time by the City provided such revisions are consistent with federal and state law, HUD's CDBG regulations, and administrative requirements covering citizen participation. Prior to any modification of the citizen participation plan, the City will publish a notice of modification of the plan in sufficient time to permit citizens to comment prior to approval by the City Council. The

notice shall be published in local newspapers of general circulation at least fourteen (14) days prior to the adoption of the modification by the City Council.

Any questions or comments on this plan or request for information should be directed to:

AFFIDAVIT OF PUBLICATION OF NEWSPAPER
NOTICE OF PUBLIC HEARING

THE STATE OF SOUTH DAKOTA

COUNTY OF Pennington

BEFORE ME, the undersigned authority, on this day personally appeared Christy Tibbitts, publisher (OR REPRESENTATIVE) of Native Sun News, who, being by me duly sworn, upon oath deposes and says:

That the attached NOTICE OF PUBLIC HEARING was published in the NATIVE SUN NEWS, a newspaper published in the English language and of general circulation in the City of RAPID CITY, SOUTH DAKOTA and in the territory proposed to be annexed, which said territory is described in said NOTICE OF PUBLIC HEARING, in the following issue: 41, Volume 4, 2013, and that the attached newspaper clipping is a true and correct copy of said published notice.

Signed: Christy Tibbitts

SWORN TO AND SUBSCRIBED BEFORE ME, this the 23 day of January, 2013.

Michelle Hudson
Notary Public in and for Pennington County, South Dakota

PUBLIC NOTICE

30 Day Public Comment Period for
Approval of the Recommended CDBG FY 2013
Annual Action Plan Funding Allocations

**FY 2013 Community Development Block Grant Program
Annual Action Plan Funding Allocations**

City Council has given preliminary approval for funding allocations for the FY 2013 Community Development Block Grant Program. The City received funding requests totaling \$860,586. Allocations are based on receiving an estimated \$430,000 in CDBG funds and \$4,000 in program income. Allocation awards are based upon a formula using Census Data that is based on number of homeless people, number of people living below the poverty level, percentage of minority population and aging housing stock. Federal regulations allow the City to use up to 15% of their entitlement for public service activities (\$71,703). The City can approve less than this amount or may choose not to fund public service activities. Administration costs for the CDBG program may not exceed 20% of the entitlement grant (\$86,800). Comments on the City's proposed funding proposals for the CDBG FY 2013 Annual Action Plan will be received until 4:00 p.m. on February 7, 2013, at which time all comments received will be considered and any changes warranted will be made to the plan at the Legal & Finance meeting on February 13, 2013, prior to final approval of the City Council on February 18, 2013. Copies of the allocations for the FY 2013 CDBG Annual Action Plan are available on the City web site at www.rcgov.org, at the Community Resources Department, 300 6th St., Rapid City, SD 57701; the Community Development Division office at 333 6th St., Rapid City, SD 57701, and is on file for reference at the Rapid City Public Library and at the Pennington County Housing and Redevelopment Commission, 1805 Fulton, Rapid City, SD 57702. Any questions regarding the proposed Amendment to the FY 2013 Annual Action Plan or the FY 2011 Annual Action Plan should be directed to the Community Development Division at 394-4181.

PUBLIC NOTICE
COMMUNITY DEVELOPMENT BLOCK GRANT
(CDBG) FUNDING APPLICATION TRAINING
CLASS FOR FY 2013 FUNDING

A Grant Application Training Class will be held on August 30, 2012 at the City/School Administration Center, 300 Sixth Street, 1st Floor Community Room, Rapid City, SD, from 9:00 a.m. to 11:00 a.m., for those persons wishing to learn more about the CDBG application process and how to apply for CDBG funds. The class will cover the National Objectives of the Housing and Community Development Act of 1992, what types of activities are eligible, as defined by the federal regulations, how to fill out the application form, what information is needed, how the applications are reviewed, how to set goals and develop a logic model, file maintenance and review, and reporting requirements. There is no charge for this training class. Seating is limited so please RSVP to: Barbara Garcia, Community Development Manager, Community Development Division by phone, (605) 394-4181, or by email: barbara.garcia@rcgov.org by August 27, 2012.

THE CITY OF RAPID CITY IS ACCEPTING
APPLICATIONS FOR COMMUNITY
DEVELOPMENT BLOCK GRANT (CDBG)
FUNDING FOR FISCAL YEAR 2013

The Community Development Division for the City of Rapid City will be accepting applications for the use of Community Development Block Grant funds for FY13. Projects or activities funded must meet the National Objectives of the Housing and Community Development Act of 1992, and be an eligible activity defined by the federal regulations. Funds can be utilized for projects and programs that benefit low- and moderate-income persons or to eliminate slums and blight. Eligible activities consist of, but are not limited to, acquisition, demolition or disposition of real property; relocation of individuals and businesses when federal funds are used for acquisition of publicly and privately owned property; special economic development activities; public service activities (limited to 15% of the City's entitlement grant); and, construction, reconstruction, rehabilitation or installation of public facilities and improvements. The City of Rapid City estimates that the FY13 Community Development Block Grant funds available will be \$450,000. Funding applications must be received by the City by 4:00 p.m. Monday, October 1, 2013. Interested parties having questions or desiring an application should contact the Community Development Division, 300 Sixth Street, Rapid City, SD 57701, at (605) 394-4181, or www.barbara.garcia@rcgov.org, or download the application from the City website: www.rcgov.org - Community Resources/Community Development Division/Applications.

(Published once at the approximate cost: \$134.61).

Aug. 18, 2012 - L20717559

Council Action

APPENDIX A Glossary of Terms

Affordable Housing: Under State and federal statutes, housing which costs no more than 30 percent of gross household income. Housing costs include rent or mortgage payments, utilities, taxes, insurance, homeowner association fees, and related costs.

AIDS and Related Diseases: The disease of acquired immunodeficiency syndrome or any conditions arising from the etiologic agent for acquired immunodeficiency syndrome.

Assisted Household or Person: For the purpose of identification of goals, an assisted household or person is one which during the period covered by the annual plan will receive benefits through the Federal funds, either alone or in conjunction with the investment of other public or private funds. The program funds providing the benefit(s) may be from any funding year or combined funding years.

- A renter is benefited if the person takes occupancy of affordable housing that is newly acquired, newly rehabilitated, or newly constructed, and/or receives rental assistance through new budget authority.
- An existing homeowner is benefited during the year if the home's rehabilitation is completed.
- A first-time homebuyer is benefited if a home is purchased during the year.
- A homeless person is benefited during the year if the person becomes an occupant of transitional or permanent housing.
- A non-homeless person with special needs is considered as being benefited, however, only if the provision of supportive services is linked to the acquisition, rehabilitation, or new construction of a housing unit and/or the provision of rental assistance during the year.
- Households or persons who will benefit from more than one program activity must be counted only once.

To be included in the goals, the housing unit must, at a minimum, satisfy the HUD Section 8 Housing Quality Standards (see 24 CFR sections 5.703 and 982.401). See also, instructions for completing Table 3B of the CHAS and Table 1 of the Annual Performance Report.

Assisted Housing: Housing that has received subsidies (such as low interest loans, density bonuses, direct financial assistance, etc.) by federal, state, or local housing programs in exchange for restrictions requiring a certain number of housing units to be affordable to very low, low, and moderate income households.

At-Risk Housing: Assisted rental housing that is at risk of losing its status as housing affordable for very low, low, and moderate income residents due to the expiration of federal, state or local agreements.

Barrier Free: The term used to describe housing that complies with 1986 ANSI Standard A.117.1 which includes federal and private construction systems. This

reference is made because, unlike handicap accessible, barrier-free indicates that the home is fully accessible to an individual who utilizes a wheelchair.

Certification: A written assertion, based on supporting evidence, that must be kept available for inspection by HUD, by the Inspector General of HUD and by the public. The assertion shall be deemed to be accurate unless HUD determines otherwise, after inspecting the evidence and providing due notice an opportunity for comment.

CHAS: The Comprehensive Housing Affordability Strategy. Now combined with HUD program applications to comprise the Consolidated Plan.

CHDO (Community Housing Development Organization): A non-profit community-based and low-income community service organization that has, or intends to retain, staff with the capacity to develop affordable housing for the community it serves.

CIP - Capital Improvement Program

COC: Continuum of Care.

Committed: Generally means there has been a legally binding commitment of funds to a specific project to undertake specific activities.

Community Development Division: The City division responsible for administering the Community Development Block Grant Entitlement funds received from HUD.

Census: The official United States decennial enumeration of the population conducted by the federal government.

Chronic Homeless: A chronically homeless person is one who has been continuously homeless for one year or more or has been homeless four or more times within the past three years.

Community Development Block Grant (CDBG): A grant program administered by the U.S. Department of Housing and Urban Development (HUD). This grant allots money to cities and counties for housing rehabilitation and community development activities, including public facilities and economic development.

Condominium: A building or group of buildings in which units are owned individually, but the structure, common areas and facilities are owned by all owners on a proportional, undivided basis.

Consistent with the Consolidated Plan: A determination made by the governing jurisdiction that a program application meets the following criterion:

- The Annual Plan for that fiscal year's funding indicates the jurisdiction planned to apply for the program or was willing to support an application by another entity for the program;
- The location of activities is consistent with the geographic areas as specified in the plan; and
- The activities benefit a category of residents for which the jurisdiction's five-year strategy shows a priority.

Cost Burden > 30%: The extent to which gross housing costs, including utility costs, exceed 30 percent of gross income, based on data published by the U.S. Census Bureau.

Cost Burden > 50%: The extent to which gross housing costs, including utility costs, exceed 50 percent of gross income, based on data published by the U.S. Census Bureau.

Density: The number of dwelling units per unit of land. Density usually is expressed "per acre," e.g., a development with 100 units located on 20 acres has density of 5.0 units per acre.

Density Bonus: The allowance of additional residential units beyond the maximum for which the parcel is otherwise permitted usually in exchange for the provision or preservation of affordable housing units at the same site or at another location.

Development Impact Fees: A fee or charge imposed on developers to pay for a jurisdiction's costs of providing services to new development.

Development Right: The right granted to a land owner or other authorized party to improve a property. Such right is usually expressed in terms of a use and intensity allowed under existing zoning regulation. For example, a development right may specify the maximum number of residential dwelling units permitted per acre of land.

Dwelling Unit: One or more rooms, designed, occupied or intended for occupancy as separate living quarters, with cooking, sleeping and sanitary facilities provided within the unit for the exclusive use of a household.

Dwelling, Multi-family: A building containing two or more dwelling units for the use of individual households; an apartment or condominium building is an example of this dwelling unit type.

Dwelling, Single-family Attached: A one-family dwelling attached to one or more other one-family dwellings by a common vertical wall. Row houses and town homes are examples of this dwelling unit type.

Dwelling, Single-family Detached: A dwelling, not attached to any other dwelling, which is designed for and occupied by not more than one family and surrounded by open space or yards.

Economic Independence and Self-Sufficiency Programs: Programs undertaken by Public Housing Agencies (PHAs) to promote economic independence and self-sufficiency for participating families. Such programs may include Project Self-Sufficiency and Operation Bootstrap programs that originated under earlier Section 8 rental certificate and rental voucher initiatives, as well as the Family Self-Sufficiency program. In addition, PHAs may operate locally-developed programs or conduct a variety of special projects designed to promote economic independence and self-sufficiency.

Elderly Household: For HUD rental programs, elderly households are households of one- or two persons in which the head of the household or spouse is at least 62 years of age.

Elderly Person: A person who is at least 62 years of age.

Employer Mortgage Assistance Program (EMAP): This program provides down payment and closing cost assistance in the form of a second mortgage for homebuyers employed with a participating employer.

Emergency Shelter: An emergency shelter is a facility that provides shelter to homeless families and/or homeless individuals on a limited short-term basis.

Entitlement Cities: Metropolitan cities with a population of 50,000 or more who meet criteria, set by a formula, to apply for federal funds. An example of this is the Community Development Block Grant (CDBG) funds. In South Dakota Rapid City and Sioux Falls are Entitlement cities.

Existing Homeowner: An owner-occupant of residential property who holds legal title to the property and who uses the property as his/her principal residence.

Extremely Low-Income: Households whose incomes do not exceed 30 percent of the median household income for the area, as determined by HUD.

Fair Market Rent (FMR): Fair Market Rents (FMRs) are freely set rental rates defined by HUD as the median gross rents charged for available standard units in a county or Standard Metropolitan Statistical Area (SMSA). Fair Market Rents are used for the Section 8 Rental Program and other HUD programs.

Family: See definition in 24 CFR 5.403 (The National Affordable Housing Act definition required to be used in the CHAS rule differs from the Census definition). The Bureau of Census defines a family as a householder (head of household) and one or more other persons living in the same household who are related by birth, marriage or adoption. The term "household" is used in combination with the term "related" in the CHAS instructions, such as for Table 2, when compatibility with the Census definition of family (for reports and data available from the Census based upon that definition) is dictated. (See also Homeless Family)

Family Self-Sufficiency (FSS) Program: A program enacted by Section 554 of the National Affordable Housing Act which directs Public Housing Agencies (PHAs) and Indian Housing Authorities (IHAs) to use Section 8 assistance under the rental certificate and rental voucher programs, together with public and private resources to provide supportive services, to enable participating families to achieve economic independence and self-sufficiency.

Federal Preference for Admission: The preference given to otherwise eligible applicants under HUD's rental assistance programs who, at the time they seek housing assistance, are involuntarily displaced, living in substandard housing, or paying more than 50 percent of family income for rent. (see, for example, 24 CFR 92.253.)

First-Time Homebuyer: An individual or family who has not owned a home during the three-year period preceding the HUD-assisted purchase of a home that must be used as the principal residence of the homebuyer, except that any individual who is a displaced homemaker (as defined in 24 CFR 5.403) or a single parent (as defined in 24 CFR 92) may not be excluded from consideration as a first-time homebuyer on the basis that the individual, while a homemaker or married, owned a home with his or her spouse or resided in a home owned by the spouse.

Floor Area Ratio (FAR): The gross floor area of all buildings on a lot divided by the lot area; usually expressed as a numerical value (e.g., a building having 10,000 square feet of gross floor area located on a lot of 5,000 square feet in area has a floor area ratio of 2:1).

FmHA (Farmers Home Administration): The Farmers Home Administration, or programs it administers. FmHA has been reorganized and is now operating under the name USDA Rural Development (RD). It operated under the name Rural Economic and Community Development (RECD) for a period of time.

FMR (Fair Market Rent): See Fair Market Rent.

For Rent: Year round housing units which are vacant and offered/available for rent. (U.S. Census Definition)

For Sale: Year round housing units which are vacant and offered/available for sale only. (U.S. Census Definition)

Frail Elderly: An elderly person who has one or more limitations of Activities of Daily Living (ADL), i.e. eating, dressing, bathing, grooming, and household management activities. (See 24 CFR 891.205.)

Group Quarters: A facility which houses groups of unrelated persons not living in households (U.S. Census definition). Examples of group quarters include institutions, dormitories, shelters, military barracks, prisons, nursing homes,

assisted living facilities and other quarters, including single-room occupancy (SRO) housing, where 10 or more unrelated individuals are housed.

Home Mortgage Disclosure Act (HMDA): The Home Mortgage Disclosure Act requires larger lending institutions making home mortgage loans to publicly disclose the location and disposition of home purchase, refinance and improvement loans. Institutions subject to HMDA must also disclose the gender, race, and income of loan applicants.

HOME Program: The HOME Investment Partnership Act, Title II of the National Affordable Housing Act of 1990. HOME is a Federal program administered by HUD which provides formula grants to States and localities to fund activities that build, buy, and/or rehabilitate affordable housing for rent or home ownership or provide direct rental assistance to low-income people.

Homeless: Unsheltered homeless are families and individuals whose primary nighttime residence is a public or private place not designed for, or ordinarily used as, a regular sleeping accommodation for human beings (e.g., the street, sidewalks, cars, vacant and abandoned buildings). Sheltered homeless are families and persons whose primary nighttime residence is a supervised publicly or privately operated shelter (e.g., emergency, transitional, battered women, and homeless youth shelters; and commercial hotels or motels used to house the homeless).

Homeless Family: Family that includes at least one parent or guardian and one child under the age of 18, a homeless pregnant woman, or a homeless person in the process of securing legal custody of a person under the age of 18.

Homeless Individual: An unaccompanied youth (17 years or younger) or an adult (18 years or older) without children.

Homeless Youth: Unaccompanied person 17 years of age or younger who is living in a situation described by terms "sheltered" or "unsheltered".

HOPE 1: The HOPE for Public and Indian Housing Homeownership Program, which is authorized by Title IV, Subtitle A of the National Affordable Housing Act.

HOPE 2: The HOPE for Homeownership of Multifamily Units Program, which is authorized by Title IV, Subtitle B of the National Affordable Housing Act.

HOPE 3: The HOPE for Homeownership of Single Family Homes Program, which is authorized by Title IV, Subtitle C of the National Affordable Housing Act.

HOPE 6: The HOPE VI Program was developed for severely distressed public housing to change the physical shape of public housing, establish positive incentives for resident self-sufficiency and comprehensive services that empower residents, lessen concentrations of poverty by promoting mixed-income communities, and forge partnerships with other agencies, local governments, non-profit organizations, and private business to leverage support.

Household: The US Census Bureau defines a household as all persons living in a housing unit whether or not they are related. A single person living in an apartment as well as a family living in a house is considered a household. Household does not include individuals living in dormitories, prisons, convalescent homes, or other group quarters.

Household Income: The total income of all the persons living in a household. Household income is commonly grouped into income categories based upon household size, and income, relative to the regional median family income. The following categories are used in the Housing Element:

- *Extremely Low:* Households earning less than 30% of County median family income;
- *Very low:* Households earning less than 50% of County median family income;
- *Low:* Households earning 51% to 80% of the County median family income;
- *Moderate:* Households earning 81% to 120% of County median family income;
- *Above Moderate:* Households earning above 120% of County median family income.

Housing Problems: Defined by HUD as a household which: (1) occupies a unit with physical defects (lacks complete kitchen or bathroom); (2) meets the definition of overcrowded; or (3) spends more than 30% of income on housing cost.

Housing Subsidy: Housing subsidies refer to government assistance aimed at reducing housing sales or rent prices to more affordable levels. Two general types of housing subsidy exist. Where a housing subsidy is linked to a particular house or apartment, housing subsidy is "project" or "unit" based. In Section 8 rental assistance programs the subsidy is provided to the family (called "tenant-based") who can then use the assistance to find suitable housing in the housing unit of their choice.

Housing Unit: A room, or group of rooms used by one or more individuals living separately from others in the structure, with direct access to the outside or to a public hall and containing separate toilet and kitchen facilities.

Housing Unit (U.S. Census definition): An occupied, or vacant house, apartment, or single room (SRO housing) that is intended as separate living quarters.

HTC: (Federal) Housing Tax Credit.

HUD: – Housing and Urban Development. See U.S. Department of Housing and Urban Development.

IMPACT: Individualized and Mobile Program of Assertive Community Treatment Program (IMPACT) is administered by the South Dakota Department of Human Services' Division of Mental Health.

Institutions/Institutional: Group quarters for persons under care or custody. (U.S. Census definition.)

Inclusionary Unit: An ownership or rental dwelling unit which is affordable (as defined by city council) as households with moderate, low or very-low incomes in perpetuity.

Large Household: A household with 5 or more members.

Large Related Household: Household of 5 or more persons which includes at least one person related to the householder by blood, marriage or adoption.

Lead-Based Paint Hazard: Any condition that causes exposure to lead from lead-contaminated dust, lead-contaminated soil, lead-contaminated paint that is deteriorated or present in accessible surfaces, friction surfaces, or impact surfaces that would result in adverse human health effects as established by the appropriate Federal agency. (Residential Lead-based Paint Hazard Reduction Act of 1992 definition.)

LMI Benefit: The number of Low-to-Moderate Income people to benefit from a project. Low-to-Moderate Income for the CDBG program is defined as persons with income below 80% of the HUD median income for household size for the area.

Low-Income: Households whose incomes do not exceed 80 percent of the median income for the area, as determined by HUD with adjustments for smaller and larger families, except that HUD may establish income ceilings higher or lower than 80 percent of the median for the area on the basis of HUD's findings that such variations are necessary because of prevailing levels of construction costs or fair market rents, or unusually high or low family incomes. NOTE: HUD income limits are updated annually and are available from the local HUD office.

Manufactured Housing: Housing that is constructed of manufactured components, assembled partly at the site rather than totally at the site. Also referred to as modular housing.

Market-Rate Housing: Housing which is available on the open market without any subsidy. The price for housing is determined by the market forces of supply and demand and varies by location.

Median Income: The annual income for each household size within a region which is defined annually by HUD. Half of the households in the region have incomes above the median and half have incomes below the median.

Metropolitan Area: A Metropolitan Statistical Area (MSA) as established by the Office of Management and Budget. This includes metropolitan cities and urban counties. In South Dakota this is Rapid City/Pennington County and Sioux Falls/Minnehaha and Lincoln County.

Metropolitan Statistical Area (MSA): See definition above for Metropolitan Area.

Mobile Home: A structure, transportable in one or more sections, which is at least 8 feet in width and 32 feet in length, is built on a permanent chassis and designed to be used as a dwelling unit when connected to the required utilities, either with or without a permanent foundation.

Moderate Income: Households whose incomes are between 81 percent and 95 percent of the median income for the area as determined by HUD, with adjustments for smaller or larger families, except that HUD may establish income ceilings higher or lower than 95 percent of the median for the area on the basis of HUD's findings that such variations are necessary because of prevailing levels of construction costs or fair market rents, or unusually high or low family incomes. (This definition is different than that for the CDBG program).

Moderate Income – CDBG Program: Households whose incomes are between 51 percent and 80 percent of the median income for the area as determined for household size by HUD.

Mortgage Revenue Bond (MRB): A state, county or city program providing financing for the development of housing through the sale of tax-exempt bonds.

MSA (Metropolitan Statistical Area): A Metropolitan Statistical Area (MSA) as established by the Office of Management and Budget. This includes metropolitan cities and urban counties. In South Dakota this is Rapid City/Pennington County and Sioux Falls/Minnehaha and Lincoln County.

Non-Elderly Household: A household which does not meet the definition of "Elderly Household", as defined above.

Non-Homeless Persons with Special Needs: Includes frail elderly persons, persons with AIDS, families with a person with a disability and families participating in organized programs to achieve economic self-sufficiency.

Non-Institutional: Group quarters for person not under care or custody. (U.S. Census definition used.)

Non-Metropolitan Area: An area which is not a metropolitan city and is not included as part of an urban county. This term applies to every community in South Dakota with the exception of Rapid City/Pennington County and Sioux Falls/Minnehaha County.

Non-Recreational Units: Those housing units which are considered a primary residence.

Occupied Housing Unit: A housing unit that is the usual place of residence of the occupant(s).

Other Household: A household of one or more persons that does not meet the definition of a Small Related household, Large Related household or Elderly household.

Other Income: Households whose incomes are between 51 percent and 80 percent of the median income for the area, as determined by HUD, with adjustments for smaller and larger families, except that HUD may establish income ceilings higher or lower than 80 percent of the median for the area on the basis of HUD's findings that such variations are necessary because of prevailing levels of construction costs or fair market rents, or unusually high or low family incomes.

Other Vacant: Vacant year round housing units that are not "For Rent" or "For Sale". This category would include "Awaiting Occupancy" or "Held".

Overcrowded: As defined by the U.S. Census, a household with greater than 1.01 persons per room, excluding bathrooms, kitchens, hallways, and porches. Severe overcrowding is defined as households with greater than 1.51 persons per room.

Overpayment: The extent to which gross housing costs, including utility costs, exceed 30 percent of gross household income, based on data published by the U.S. Census Bureau. Severe overpayment, or cost burden, exists if gross housing costs exceed 50 percent of gross income.

Owner: A household that owns the housing unit it occupies. (U.S. Census definition.)

Parcel: The basic unit of land entitlement. A designated area of land established by plat, subdivision, or otherwise legally defined and permitted to be used, or built upon.

PATH (Projects in the Assistance for the Transition from Homelessness Program): A federal program administered by the State Division of Mental Health targeted to individuals with severe mental illness. Recipients must be homeless or at-risk of becoming homeless.

Person with a Disability: A household composed of one or more persons, at least one of whom is an adult (a person of at least 18 years of age) who has a disability. A person shall be considered to have a disability if the person is determined to have a physical, mental or emotional impairment that:

- is expected to be of long-continued and indefinite duration;
- substantially impedes ability to live independently, and

- is of such a nature that the ability could be improved by more suitable housing conditions.

A person shall also be considered to have a disability if he or she has a developmental disability as defined in the Developmental Disabilities Assistance and Bill of Rights Act (42 U.S.C. 6001-6006). The term also includes the surviving member or members of any household described in the first sentence of this paragraph who were living in an assisted unit with the deceased member of the household at the time of his or her death.

Physical Defects: A housing unit lacking complete kitchen or bathroom (U.S. Census Definition). Jurisdictions may expand upon the Census definition.

Project-based (Rental) Assistance: Rental assistance provided for a project, not for a specific tenant. Tenants receiving project-based rental assistance give up the right to that assistance upon moving from the project.

Public Housing: A project-based low-rent housing program operated by independent local public housing authorities. A low-income family applies to the local public housing authority in the area in which they want to live.

RECD: Rural Economic and Community Development, formerly the Farmers Home Administration (FmHA), now the USDA Rural Development (RD).

Recreational Units: Those housing units which are not considered a primary residence but are constructed for recreational purposes. They are established as seasonal housing such as a cabin at a lake or a cabin in the Hills.

Rehabilitation: The upgrading of a building previously in a dilapidated or substandard condition for human habitation or use.

Rent Burden > 30% (Cost Burden): The extent to which gross rents, including utility costs, exceed 30 percent of gross income, based on data published by the U.S. Census Bureau.

Rent Burden > 50% (Severe Cost Burden): The extent to which gross rents, including utility costs, exceed 50 percent of gross income, based on data published by the U.S. Census Bureau.

Rental Assistance: Rental assistance payments provided as either project-based rental assistance or tenant-based rental assistance.

Renter: A household that rents the housing unit it occupies, including both units rented for cash and units occupied without cash payment of rent. (U.S. Census Definition)

Renter Occupied Unit: Any occupied housing unit that is not owner occupied, including units rented for cash and those occupied without payment of cash rent.

Section 215: Section 215 of Title II of the National Affordable Housing Act. Section 215 defines "affordable" housing projects under the HOME program.

Section 8 Rental Voucher/Certificate Program: A tenant-based rental assistance program that subsidizes a family's rent in a privately owned house or apartment. The program is administered by local public housing authorities. Assistance payments are based on 30 percent of household annual income. Households with incomes of 50 percent or below the area median income are eligible to participate in the program.

Senior: The Census Bureau defines a senior as a person who is 65 years or older. For persons of social security eligibility, a senior is defined as a person age 62 and older. Other age limits may be used for eligibility for housing assistance or retired communities.

Service Needs: The particular services required by special populations, typically including needs such as transportation, personal care, housekeeping, counseling, meals, case management, personal emergency response, and other services preventing premature institutionalization and assisting individuals to continue living independently.

Severe Cost Burden: See Cost Burden > 50%.

Severe Persistent Mental Illness (SPMI): A serious and persistent mental or emotional impairment that significantly limits a person's ability to live independently.

Sheltered & Sheltered homeless: Families and persons whose primary nighttime residence is a supervised publicly or privately operated shelter (e.g., emergency, transitional, battered women, and homeless youth shelters; and commercial hotels or motels used to house the homeless).

Small Household: Pursuant to HUD definition, a small household consists of two to four non-elderly persons.

Small Related: A household of 2 to 4 persons that includes at least one person related to the householder by birth, marriage, or adoption.

Special Needs Groups: Those segments of the population which have a more difficult time finding decent affordable housing due to special circumstances. Under California Housing Element statutes, these special needs groups consist of the elderly, people with disabilities, large families with five or more members, single-parent families with children, farm workers and the homeless. A jurisdiction may also choose to consider additional special needs groups in the Housing Element, such as students, military households, other groups present in their community.

Substandard Housing: Housing which does not meet the minimum standards in the State Housing Code. Jurisdictions may adopt more stringent local definitions of substandard housing. Substandard units which are structurally sound and for which the cost of rehabilitation is economically warranted are considered suitable for rehabilitation. Substandard units which are structurally unsound and for which the cost of rehabilitation is considered infeasible are considered in need of replacement.

Substantial Amendment: A major change in an approved housing strategy. It involves a change to the five-year strategy, which may be occasioned by a decision to undertake activities or programs inconsistent with that strategy.

Substantial Rehabilitation: Rehabilitation of residential property at an average cost for the project in excess of \$25,000 per dwelling unit.

Supportive Housing: Housing, including Housing Units and Group Quarters, that have a supportive environment and includes a planned service component.

Supportive Services: Services provided to residents of supportive housing for the purpose of facilitating the independence of residents. Some examples are case management, medical or psychological counseling and supervision, child care, transportation, and job training.

Supportive Service Need in Family Self Sufficiency (FSS) Plan: Services provided to residents of supportive housing for the purpose of facilitating the independence of residents. Some examples are case management, medical or psychological counseling and supervision, child care, transportation, remedial education, education for completion of secondary or post secondary schooling, preparation and counseling, substance abuse treatment and counseling, training in homemaking and parenting skills, money management, household management, counseling for homeownership, job development and placement follow-up assistance after job placement, job training, and other appropriate services.

Tenant-Based Rental Assistance: A form of rental assistance in which the assisted tenant may move from a dwelling unit with a right to continued assistance. The assistance is provided for the tenant, not for the project.

Total Vacant Housing Units: Unoccupied year round housing units. (U.S. Census definition)

Transitional Housing: Transitional housing is temporary (often six months to two years) housing for a homeless individual or family who is transitioning to permanent housing. Transitional housing often includes a supportive services component (e.g. job skills training, rehabilitation counseling, etc.) to allow individuals to gain necessary life skills in support of independent living.

Unsheltered: Families and individuals whose primary nighttime residence is a public or private place not designed for, or ordinarily used as, a regular sleeping accommodation for human beings (e.g. streets, parks, alleys).

U.S. Department of Housing and Urban Development (HUD): The cabinet level department of the federal government responsible for housing, housing assistance, and urban development at the national level. Housing programs administered through HUD include Community Development Block Grant (CDBG), HOME and Section 8, among others.

Vacant "Awaiting Occupancy" or "Held": Vacant year round housing units that have been rented or sold and are currently awaiting occupancy, and vacant year round housing units that are held by owners or renters for occasional use. (U.S. Census definition)

Vacant Housing Unit: Unoccupied year-round housing units that are available or intended for occupancy at any time during the year.

Very Low-Income: Households whose incomes do not exceed 50 percent of the median area income for the area, as determined by HUD, with adjustments for smaller and larger families and for areas with unusually high or low-incomes or where needed because of prevailing levels of construction costs or fair market rents. This term corresponds to low-income households in the CDBG Program. For the purposes of further distinguishing needs within this category, two subgroups - 0 to 30% (extremely low) and 31 to 50% (very low) of MHI have been established in the CHAS tables and narratives.

Worst-Case Needs: Unassisted, very low-income renter households who pay more than half of their income for rent, live in seriously substandard housing (which includes homeless people) or have been involuntarily displaced.

Year Round Housing Units: Occupied and vacant housing units intended for year round use. (U.S. Census definition) Housing units for seasonal or migratory use are excluded.

Zoning: A land use regulatory measure enacted by local government. Zoning district regulations governing lot size, building bulk, placement, and other development standards vary from district to district, but must be uniform within the same district. Each city and county adopts a zoning ordinance specifying these regulations.
