MEMORANDUM

DATE: December 9, 2013

TO: Legal and Finance Committee
Rapid City Common Council

FROM: Keith L'Esperance
Risk Management 

SUBJECT: Berkley Risk Administrators (BRAC) Contract Amendment

Attached is the 2014 pricing amendment to the BRAC city worker compensation third party claims administrations (TPA) contract. The increases are as follows:

2013 – medical only claims \$199 per claim
2014 – medical only claims \$203 per claim
1.9% increase
The impact on a 5-year average claim count of 113 is \$452

2013 – indemnity (lost time) claims \$1235 per claim
2014 – indemnity (lost time) claims \$1260 per claim
1.9% increase
The impact on a 5-year average claim count per year of 8.4 is \$210

The remainder of the contract is unchanged. Since 1999, the City has had and continues to have a very good, strong working partnership with BRAC for the City's employee injury claims in which medical intervention occurs. It is recommended that Legal and Finance and City Council approve this contract amendment effective January 1, 2014.
