

Rapid City Police Department
Memo

TO: Chief of Police Karl Jegeris

FROM: Lt. Mark Eisenbraun *ME*

DATE: 1/19/15

SUBJECT: Annual Free Parking Request Summary

I have reviewed the free parking requests that have been submitted through the Special Event application process for the calendar years of 2013 and 2014. This information has been condensed into two tables that are shown in the following pages.

Some explanation is needed to describe what information was included in this memorandum. All free parking events are included. Some events involving road closures were included if these events took parking spaces during normal business hours. For example, the annual YMCA Big Y Triathlon resulted in road closures which limited parking within that area.

Events that occurred outside the normal regulated parking enforcement hours were not included regardless if they involved road closures or not. Also, larger events that impacted downtown parking such as parades and Summer Nights events were not included.

The table below includes brief information regarding each event. Note that the "Location" tab indicates where the free parking is going to be requested. Some requests are very small and only asked for 5 or 10 free parking spaces and others involved the entire Downtown Business District.

The event permits for each of these is available upon request.

**Rapid City Police Department
Memo**

DATE (2013)	EVENT	LOCATION	FREE PARKING / STREET CLOSURE
