Parks and Recreation Department staff recommends that the Resolution Establishing Rates for the City of Rapid City be approved. The rate increases included in the resolution for the Department of Parks and Recreation represent a maximum increase of 10% to the existing pricing. Some rates were increased less than 10% and others were not increased at all such as the daily rates for the Aquatics and Ice Facilities.

Recreation staff reviews the rates being charged by other local recreation facilities and providers to be sure our costs are comparable with the market. The proposed changes will allow the Parks and Recreation Department to stay in the fair market value of leisure experiences in Rapid City and allow us to maintain our recovery rate expectations.
