REPORT BY	Vicki L. Fisher

RECOMMENDATION: Staff recommends that the Preliminary and Final Plat be continued to the July 26, 2001 Planning Commission meeting to allow the applicant to submit additional information.

GENERAL COMMENTS: The applicant has submitted a Preliminary and Final Plat to subdivide a 24.59 acre parcel creating ten residential lots and a twenty acre parcel to be known as "Tract A". The applicant has also submitted a Subdivision Regulations Variance request to waive all street improvements for DeGeest Drive and Homestead Street except for that portion of the streets shown to be platted. (See companion item #01SV011.) The development is identified as Phase Five, Big Sky Subdivision.

On May 25, 2001, the applicant submitted a Layout Plat proposing to subdivide the property as identified on this plat. The Layout Plat will be heard at the July 5, 2001 Planning Commission meeting.

PLAT #01PL054 - Preliminary and Final Plat

ITEM 51

In July 1997, a Master Plan was approved to allow a residential development on approximately 300 acres of property to be known as "Big Sky Subdivision". Since then, Phase One, Phase Two, Phase Three and Phase Four of the proposed development have been platted and constructed.

STAFF REVIEW: The associated Layout Plat was continued at the June 21, 2001 Planning Commission meeting at the applicant's request to allow the applicant to meet with the Pennington County Drainage Engineer to discuss drainage concerns relative to proposed Tract A. (The Pennington County Drainage Engineer indicated that conveyance elements located through Tract A to the detention cell located south of the subject property must be constructed as a part of this plat.) On June 26, 2001, City staff and the Pennington County Drainage Engineer met with the applicant and determined that the drainage improvements must be addressed as a part of this plat. In addition, road construction plans for the balance of DeGeest Drive and Homestead Street as they abut the subject property must be submitted for review and approval integrating drainage information into the road plans. On June 27, 2001, the applicant requested that the Subdivision Regulations Variance request to waive street improvements for DeGeest Drive and Homestead Street be withdrawn.

Staff is recommending that the Preliminary and Final Plat be continued to the July 26, 2001 Planning Commission meeting to allow the applicant to submit additional drainage information and to submit road construction plans.
