Rc Members:

Reference your letter - 01UR135:

I do not approve allowing a "Saloon" being allowed to operate in the vicinity as described in your letter. (you call it a "liquor establishment" its a "Saloon" to me.) For one "thing":

1. It will be operated across the street from a school building. We have enough trouble keeping young people ^{out of jail} without conducting liquor sales close to them.

2. It seems to me that this is not a Commercial district which would be against this type of establishment.

3. I know that it is a "high class" establishment, and this type of users are supposed to be above any rowdiness but reunions, meetings etc are always a good excuse to have a fling including getting good & drunk. (She worked in restaurants and in hotels and know ^{this}).

Please do not approve this
 "Use On Review". You are setting a
 poor example to our most ~~vulnerable~~
~~the~~ vulnerable citizens.

I cannot attend the meeting on July 5.
 I'm 94 years old and do not go to
 meetings any more.
