EXISTING ZONING	No Use District (right-of-way)
SURROUNDING ZONING	
North:	General Commercial
South:	General Commercial
East:	General Commercial
West:	General Commercial
PUBLIC UTILITIES	N/A
REPORT BY	Karen Bulman

RECOMMENDATION: Staff recommends that the 30.1 foot wide Philadelphia Street ROW, approximately 724.1 feet in length, lying in the W1/2 SW1/4 Section 32, T2N, R8E, BHM, Pennington County, South Dakota be approved for annexation.

GENERAL COMMENTS: The process for annexation by petition is provided for under Section 9-4-1 SDCL, which states that by resolution, the City may annex a contiguous area, if the written petition describing the boundaries of the area is signed by no less than three-fourths of the registered voters and by owners of no less than three-fourths of the value of the area to be annexed. The petition appears to meet all requirements for consideration under the provisions for a voluntary annexation of the County right-of-way.

The west boundary of the subject annexation is the boundary of the original Incorporated Rapid City limits. From that point, several annexations on the east side of Cambell Street have occurred, but the rights-of-way were not included in the legal descriptions and therefore not annexed into the City limits at the time. The area north of U.S. Highway 16 was annexed into the City in 1969 and 1986. The area south of U.S. Highway 16 was annexed into the City in 1972 and 1992. The area east of Cambell Street was annexed into the City in 1972, 1973, 1988, and 1998. The area north of East Philadelphia Street was annexed in 1972 and the area south of East Philadelphia Street was annexed in 1988.

**No. 01AN011 - Petition for Annexation**

**ITEM 14**

---

The Rapid City Council identified short-term and long-term proposed annexation priorities. On April 2, 2001, the Rapid City Council passed a Resolution Establishing Future Annexation Study Areas. This area is in an area that has been identified as a short-term priority by the Rapid City Council. As a result, a letter was sent to the Pennington County Commissioners requesting that they consider signing a petition for voluntary annexation of East Philadelphia Street. This petition for annexation, submitted by the Pennington County Commissioners, encompasses the 30.1 foot wide 724.1 foot long street and right-of-way. A letter was also sent to the South Dakota Department of Transportation requesting that they consider signing a petition for voluntary annexation of several H lots and rights-of-way located along Cambell Street and along U.S. Highway 16. They have returned a letter stating they have no objections to annexation, however, the signed petition has not yet been sent. As such, the annexation of those rights-of-way will need to be considered under a separate application.

STAFF REVIEW: In reviewing the City limit boundaries, Staff identified these rights-of-ways and H Lots, which had not been included in previous area annexations. The annexation parcels are surrounded by the City limits on four sides. The process for annexation by petition, provided for under Section 9-4-1 SDCL states that by resolution, the City may annex a contiguous area, if the written petition describing the boundaries of the area is signed by no less than three-fourths of the registered voters and by owners of no less than three-fourths of the value of the area to be annexed. As such, this area has been identified as appropriate for annexation.

Staff received no adverse comments regarding the requested annexation and believes that the annexation of this property would provide more cohesive municipal boundaries and provide for more efficient street maintenance.
