RE: Application File # 01UR052
"Use on review to allow a communications tower in the General Commercial Zoning District"

APPLICANT: Don Steveson for Kevin Galik

AREA: Radio Towers Subdivision, 1711 Cambell Street.

~ ~ ~ ~ ~

Comments from: Thomas Herd
Property owner 1716 Riley
Rapid City, SD
1716 is a Residential 4 Unit Apartment Building

To Whom It May Concern: I do not have a complaint against the addition of a co-located antenna labeled "New TWW Panel Antennas" to the existing Radio Towers tower; providing it is as described and pictured in the attached document from Rapid City's web site. See attached sheet.

However, should additional modifications/additions/structures occur, or be required, that are in addition to the November 1, 2001 description as presented to me, then I may have an objection. I further would like additional time to contact all my tenants and have them respond to any such changes as well.

Attachment: Proposed change elevation view from the City of Rapid City's web site, Nov 1, 2001.
