No. 02CA009 - Amendment to the Comprehensive Plan by revising the South Robbinsdale Neighborhood Area Future Land Use Plan to change the future land use designation on a 39 acre parcel from Low Density Residential with a Planned Residential Development and Medium Density Residential with a Planned Commercial Development to Office Commercial

ITEM 45

future land use designation on a 39 acre parcel from Low Density Residential with a Planned Residential Development and Medium Density Residential with a Planned Commercial Development to Office Commercial be denied without prejudice for the area lying within 550 feet of Catron Boulevard, approved for the area lying more than 550 feet from Catron Boulevard but within 1000 feet of Catron Boulevard and denied without prejudice for the balance of the area.

GENERAL COMMENTS: This property is located south of Catron Boulevard and west of the proposed 5th Street extension. The subject property is zoned General Agriculture District by Pennington County. The land to the east and south is zoned General Agriculture District by Pennington County. The land north is zoned General Agriculture District by Rapid City. The land west is zoned Highway Service District and Suburban Residential District by Pennington County. The Comprehensive Plan for Rapid City shows the subject property as appropriate for Low Density Residential uses with a Planned Residential Development designation and Medium Density Residential uses with a Planned Residential Development designation.

The South Robbinsdale Neighborhood Future Land Use Plan was originally adopted by the City Council on August 18, 1999. The applicant has made several requests for changes to this plan since that adoption of the Plan. Since the most recent request had extensive changes to the Plan, the Planning Commission held a Special Planning Commission meeting in the neighborhood on December 12, 2001 to accept comments on the requests. Subsequently, the Planning Commission and City Council denied the applicant's requests. The Future Land Use Committee's proposed revisions to the Adopted Plan were approved by the City Council on January 21, 2002. On January 22, 2002, the applicant again submitted extensive changes to the Revised South Robbinsdale Neighborhood Land Use Plan. Since that time, several meetings have been held with the applicant, staff and the Future Land Use Committee. The Future Land Use Committee and the applicant have agreed on a plan for the area. A copy of that plan is linked to this document.

STAFF REVIEW: The adopted Comprehensive Plan is a framework within which development and rezoning proposals are measured and evaluated. The plan is intended to guide the orderly growth of the community.

The Future Land Use Committee met with the applicant on March 15, 2002 to review the applicant's current request. The Future Land Use Committee and the applicant agreed that a Planned Development Designation should be required on a 550 foot corridor along Catron Boulevard and approved for a 450 foot strip lying south of that corridor. The balance of the request is recommended for denial to allow the applicant to proceed with the designation of the area as appropriate for Medium Density Residential land uses as agreed upon.

Staff notes that comprehensive plan amendments do not require direct notification of neighboring property owners; however, South Dakota Codified Law requires that plan amendments be advertised in a local newspaper. The notification requirement has been met.
