Designation. The land use designation to the north and west of the property is identified as General Commercial land use with a Planned Development Designation. The land use designation to the south and east is identified as Office Commercial with a Planned Development Designation.

The property owner met with the Future Land Use Committee on October 25, 2002 regarding the rezoning of the subject property from Office Commercial District with a Planned Development Designation to General Commercial District with a Planned Development Designation. The Future Land Use Committee noted the subject property was a portion of a larger parcel that had recently been approved to be rezoned from No Use District to Office Commercial District with a Planned Development Designation (02RZ057). The Committee felt it was appropriate to amend the Comprehensive Land Use Plan to change the land use on the subject property from Office Commercial land use(s) with a Planned Development Designation to General Commercial land use(s) with a Planned Development Designation. A portion of the Planned Development Designation (02PD055) associated with the rezoning of the larger parcel from No Use District to Office Commercial District (02RZ057) must be revoked and a Planned Development Designation must be requested in conjunction with the rezoning of the subject property from Office Commercial District to General Commercial District. As such, this application will accomplish the revocation of the Planned Development Designation on the subject property, which is a portion of the larger parcel.

Staff is recommending the revocation of the Planned Development Designation associated with the Office Commercial Zoning District be continued until the December 5, 2002 Planning Commission meeting to coincide with the associated Rezoning and the associated Comprehensive Plan Amendment.
