No. 03RZ015 - Rezoning from Medium Density Residential District to General Commercial District **ITEM 19**

REPORT BY

Vicki L. Fisher

RECOMMENDATION:

Staff recommends that the Rezoning request from Medium Density Residential District to General Commercial District be continued to the **May 8, 2003** Planning Commission meeting to allow the Future Land Use Committee to review the request.

GENERAL COMMENTS:

This item was continued at the April 10, 2003 Planning Commission meeting to allow the Future Land Use Committee to review the request. Due to scheduling conflicts, the Future Land Use Committee has been able to review the proposed Rezoning request. As such, staff is recommending that this item be continued to the May 8, 2003 Planning Commission to allow the Future Land Use Committee additional time to review the request. This Staff Report has been revised as of April 12, 2003. All revised and/or added text is shown in bold print. The applicant has submitted a request to rezone the above legally described property from Medium Density Residential District to General Commercial District. In addition, the applicant has submitted a Comprehensive Plan Amendment request to change the future land use designation on the above legally described property from residential to general commercial. The applicant has also submitted a Layout Plat to subdivide approximately 10 acres located directly west of the subject property into two residential lots. (See companion items #03CA007 and 03PL028.)

The property is located in the northwest corner of the Cambell/Street Fairmont Boulevard intersection and is currently void of any structural development.

STAFF REVIEW:

The subject property is located in an area that currently allows a mixture of use(s). The properties to the east and south are zoned General Commercial District and Light Industrial District, respectively. The properties to the north and west are zoned Medium Density Residential District. As such, staff is recommending that this item be reviewed by the Future Land Use Committee to determine the best and highest use of the property.

Staff is recommending that the Rezoning request be continued to the May 8, 2003 Planning Commission meeting to allow the Future Land Use Committee to review the request.
