General Commercial District. The property located to the south is zoned Public District. U.S. Highway 16 lies adjacent to the eastern boundary of the property. Applications for a rezoning from General Agriculture to General Commercial (03RZ038) and a Planned Development Designation (03PD056) have been submitted in conjunction with this Amendment to the Comprehensive Plan.

STAFF REVIEW: The adopted Comprehensive Plan is a framework within which development and rezoning proposals are measured and evaluated. The plan is intended to guide the orderly growth of the community. In order for the plans to remain viable and to keep pace with a changing market place, periodic adjustments to reflect changing conditions will be required.

The Comprehensive Plan identifies the subject property as appropriate for general commercial land use(s). The property to the north of the subject property is identified as appropriate for general commercial land use(s). The property to the west of the subject property is identified as appropriate for general agriculture land use(s). The property to the south of the subject property is identified as appropriate for public land uses(s). The subject property is currently void of development. A request to rezone this property from No Use District to General Commercial District (03RZ038) and a request for a Planned Development Designation (03PD056) have been submitted in conjunction with this Amendment to the Comprehensive Plan. The applicant had requested a meeting with the Future Land Use Committee to consider the change in land use from General Agriculture land use to General Commercial land use on an adjacent property located west of the subject property and the requested rezoning of the property from No Use District to General Commercial District. The Future Land Use Committee met with the applicant on October 16, 2003. The Future Land Use Committee felt that the General Commercial land use for this property is appropriate with a Planned Commercial Development to coincide with the General Commercial land use with a Planned Commercial Development located west of this property. This application was advertised with an incorrect legal description. Therefore, staff recommends that the Amendment to the Comprehensive Plan be continued until December 4, 2003 to allow the application to be advertised with the correct legal description.

As of this writing, the sign has been posted on the property, but the receipts from the certified mailing have not been returned. Staff will notify the Planning Commission at the December 4, 2003 Planning Commission meeting if these requirements have not been met. Staff has received no inquiries or objections regarding this request.
