MEMORANDUM

TO: Rapid City Planning Commission

FROM: Patsy Horton, Transportation Planning Coordinator

DATE: November 20, 2003

RE: Intelligent Transportation System (ITS) Master Plan for Integration Strategies

Attached for your review is a copy of the Draft Final Report for the Intelligent Transportation System (ITS) Master Plan for Integration Strategies. This Final Draft Report was discussed and received preliminary approval at a public hearing before the Executive Policy Committee on November 19, 2003. Brian Scott with SRF Consulting Group will also be making a brief presentation at the November 25, 2003, Public Works Committee meeting.

The application of ITS technology can improve the safety, efficiency and cost-effectiveness of transportation systems. This Plan will provide a basis for incorporating ITS technology into capital improvements plans and integrating ITS technology into the transportation system to address the region's needs.

MPO Committee Recommendation: The Executive Policy Committee recommends approval of the Final Draft Report for the Intelligent Transportation System (ITS) Master Plan for Integration Strategies.
