No. 04CA007 - Amendment to the Comprehensive Plan to change the future land use designation on a 24.696 acre parcel from General Agriculture to Public

ITEM 54

DATE OF APPLICATION 02/27/2004

REPORT BY Karen Bulman

RECOMMENDATION: The Future Land Use Committee recommends that the Amendment to the Comprehensive Plan to change the future land use designation on a 24.696 acre parcel from General Agriculture to Public be denied without prejudice.

GENERAL COMMENTS: This undeveloped property contains approximately 24.696 acres and is located along the east boundary of North Elk Vale Road north of U.S. Interstate 90. The property is located adjacent to the northwest boundary of Box Elder. Upon approval of the related annexation, this property will be zoned No Use District.

In addition to this Amendment to the Comprehensive Plan, the applicant has submitted fifteen companion applications including: a Petition to Annex, Preliminary Plat, Subdivision Variance, five Rezoning applications, three Planned Development applications, and four Comprehensive Plan Amendments (See companion items: 04PL020, 04SV014, 04AN002, 04RZ008, 04PD014, 04RZ009, 04CA006, 04PD015, 04RZ010, 04CA005, 04RZ011, 04CA008, 04RZ012, 04CA009, and 04PD016).

STAFF REVIEW: The adopted Comprehensive Plan is a framework within which development and rezoning proposals are measured and evaluated. The plan is intended to guide the orderly growth of the community. In order for the plans to remain viable and to keep pace with a changing market place, periodic adjustments to reflect changing conditions will be required.

The Comprehensive Plan identifies the subject property as appropriate for general agriculture land use(s). On February 13, 2004, the Future Land Use Committee met to review the proposal for Elk Vale Park, a development that includes approximately 140 acres. The Committee recommended approval of an Amendment to the Comprehensive Plan to change the land use on the subject property from General Agriculture to a greenway area or flood hazard area. Designating the property as a public use indicates that the site will be developed to provide facilities which serve the general public. Due to the constraints imposed by the 100 year federally designated floodplain located on the property, a more appropriate land use designation may be Flood Hazard District. As such, staff recommends that the application be denied without prejudice and re-advertised as an Amendment to the Comprehensive Plan to change the land use on the subject property from General Agriculture to Flood Hazard District.

As of this writing, the required sign has not been posted on the property and the receipts from the certified mailing have not been returned. Staff will notify the Planning Commission at the March 25, 2004 Planning Commission meeting if these requirements have not been met. Staff has received no inquiries or objections regarding the proposed request at the
