**No. 04PD019 - Planned Development Designation**

**ITEM 19**

---

REPORT BY

Karen Bulman

**RECOMMENDATION:** Staff recommends that the Planned Development Designation be approved contingent upon the approval of the associated rezoning from General Agriculture District to Low Density Residential II District with the following stipulation:

1. No building permits or sign permits shall be issued for the property until such time as an Initial and Final Development Plan has been approved for the property.

**GENERAL COMMENTS:** The subject property is located approximately 1,250 feet northeast of the Sandstone Lane/Tower Road intersection on the north side of Tower Road and west of Mount Rushmore Road. The applicant has submitted a Layout Plat to create a ten lot townhome development. The property is currently void of any structural development and is zoned General Agriculture District. The property owner has submitted a request to rezone the property from General Agriculture District to Low Density Residential District II with a Planned Development Designation and a related Amendment to the Comprehensive Plan to change the land use from Residential to Low Density Residential II with a Planned Residential Development.

The applicant has submitted several applications for proposals located in the Tower Road area incorporating approximately 57.79 acres. In addition to the Planned Development Designation, the applicant has submitted fifteen applications including: three Planned Development Designations, four Rezoning requests, four Comprehensive Plan Amendments, and four Layout Plats. The Layout Plats submitted by the applicant indicate subdividing the property into Tower Road Offices, a Tower Road Retirement Center, and ten Senior Townhomes. (See companion items: 04PL030, 04RZ014, 04CA011, 04PL031, 04RZ015, 04PD022, 04CA012, 04PL032, 04RZ016, 04PD020, 04CA013, 04PL033, 04RZ017, 04CA014, and 04PD021.)

**STAFF REVIEW:** According to the Rapid City Zoning Ordinance, a Planned Development Designation is a procedure by which property can be officially designated as a future Planned Residential Development, Planned Unit Development, Planned Commercial Development, or Planned Light Industrial Development prior to approval of an Initial or Final Development Plan. One of the factors established by the Ordinance in determining whether a property should be a Planned Development Designation is – *“When the location of the property is such that its development may have unusually significant impacts upon public infrastructure or surrounding developed areas.”*

A request to rezone this property from General Agriculture District to Low Density Residential II District (04RZ015) and a request for an Amendment to the Comprehensive Plan (04CA012) have been submitted in conjunction with the Planned Development Designation. The Planned Residential Development – Initial and Final Development Plan will address site specific concerns relative to drainage, slope stability, traffic and street improvements on the subject property.

On March 26, 2004, the Future Land Use Committee met to review the

---

proposal for the Tower Road Retirement Center. The subject property is currently located within a residential land use area on the City's Comprehensive Plan.

The Staff is requesting this Planned Development Designation be approved contingent upon the approval of the associated Rezoning from General Agriculture District to Low Density Residential II District and the related Comprehensive Plan Amendment.

As of this writing, the required planned development sign has not been posted on the property and the receipts from the certified mailing have not been returned. Staff will notify the Planning Commission at the April 8, 2004 Planning Commission meeting if these requirements have not been met. Staff has received no inquiries or objections regarding the proposed request at the time of this writing
