seconds East (more or less) along the westerly line of said Lot 3 of Tower Ridge Subdivision, a distance of 12.77 feet (more or less) to the northwest corner of said Lot 3 of Tower Ridge Subdivision, said corner being marked by a rebar with survey cap marked "LS 1771"; thence, along the northerly line of said Lot 3 of Tower Ridge Subdivision, and curving to the left along of curve with a radius of 382.75 feet, a delta of 59 degrees 01 minutes 11 seconds, a length of 394.27 feet (more or less), a chord bearing of South 79 degrees 54 minutes 38 seconds East (more or less) and a chord distance of 377.06 feet (more or less) to the point of beginning. Said tract of land contains 23.11 acres more or less.

PARCEL ACREAGE	Approximately 23.11 Acres
LOCATION	5440 Plains Vista Court
EXISTING ZONING	General Agriculture District
SURROUNDING ZONING	
North:	General Agriculture District
South:	Park Forest District
East:	Low Density Residential District
West:	General Commercial District
PUBLIC UTILITIES	City sewer and water
DATE OF APPLICATION	7/9/2004
REVIEWED BY	Vicki L. Fisher / Curt Huus

RECOMMENDATION:

Staff recommends that the Planned Residential Development - Initial Development Plan be continued to the **September 23, 2004 Planning Commission meeting to allow the applicant to review alternate access plans to the project.**

GENERAL COMMENTS:

(Update August 24, 2004. All revised and/or added text is shown in bold text.)

This report has been updated as of August 20, 2004. All revisions are shown in bold. This request was continued to the August 26, 2004 Planning Commission meeting to allow time for discussions with the South Dakota Department of Transportation staff as well as City staff regarding the access to the project. Based on those discussions and a proposed alternative access plan, the applicant along with a representative of the South Dakota Department of Transportation and a representative of the City of Rapid City will be meeting with the adjoining property owners on August 23, 2004. Updated information will be provided to the Planning Commission based on the outcome of that discussion.

The applicant has submitted an Initial Planned Residential Development to allow an independent senior living community to be constructed on the property. The applicant has also submitted a Rezoning request to change the zoning designation of the subject property

from General Agriculture District to Medium Density Residential District. In addition, the applicant has submitted a Layout Plat to combine the subject property from four lots into one lot and to vacate a portion of the Plains Vista Court right-of-way. The applicant has also submitted a Comprehensive Plan Amendment to change the future land use designation on the subject property from Low Density Residential to Medium Density Residential with a Planned Residential Development. In addition, the applicant has submitted a Variance to the Subdivision Regulations to waive the requirement to install curb, gutter, sidewalk, street light conduit and sewer. (See companion items #04CA031, 04PL098, 04SV044 and 04RZ038.)

The property is located at the southern terminus of Plains Vista Court. Currently, a single family residence is located on existing Tract D and Tract G, respectively.

STAFF REVIEW:

A correct legal description has been provided and the required notices published. An incorrect metes and bounds legal description was submitted with this item and the associated applications which require notice of hearing(s). As such, staff is recommending that all of the items be continued to the August 26, 2004 Planning Commission meeting to be heard in conjunction with each other and to allow notice to be published with the correct legal description.

The representatives as identified above met August 23, 2004 to discuss alternate access points to the subject property as well as securing a frontage road from Enchantment Road to connect with an existing frontage road in the US Highway 16 right-of-way. The adjacent property owner has requested a month to review the options with the applicant. Because the access issue may significantly affect the layout of the project, staff is recommending that the Initial Planned Residential Development be continued to the September 23, 2004 Planning Commission meeting. The applicant has indicated concurrence with continuing the Initial Planned Residential Development to allow the alternate access point issue to be resolved.
