West:	Low Density Residential-II District (Planned Residential Development)
PUBLIC UTILITIES	City water and sewer
DATE OF APPLICATION	1/26/2005
REVIEWED BY	Todd Tucker / David L. Johnson

RECOMMENDATION:

Staff recommends that the Vacation of a Non-Access Easement be continued to the March 24, 2005 Planning Commission meeting.

GENERAL COMMENTS: The subject property is located at the northwest corner of Padre Drive and Sawgrass Court. In May 2004 a Final Plat was approved to create eight residential lots as part of the Elks Country Estates Subdivision including the subject property. The recorded plat identified an access restriction along the first 50 feet of Sawgrass Court and along the entire property line along Padre Drive. The applicant is proposing to vacate the northern 85.64 feet of the access restriction along Padre Drive.

No. 05VE001 - Vacation of a Non-Access Easement

ITEM 16

STAFF REVIEW: Staff has reviewed the vacation of an access restriction request as it relates to the applicable provisions of the Rapid City Municipal Code and has noted the following issues:

Proposed Structure: Staff noted that the property located to the east of the subject property on the east side of Padre Drive is identified as a townhouse lot with a 40 foot wide driveway access. The Street Design Criteria Manual requires that driveway approaches to properties on opposite sides of the roadway will be located directly opposite each other or be separated by a minimum distance of 75 feet. As such, a site plan must be submitted identifying the design of the proposed structure and the location and size of the proposed driveway approach. In addition, a the site plan must show the proposed structure and driveway approach for the property located on the opposite side of Padre Drive to insure that the approaches either align or meet the minimum separation requirements.

Exception to Street Design Criteria Manual: Staff noted the Padre Drive is identified as a sub-collector and Sawgrass Court is identified as a lane/place street. The Street Design Criteria Manual requires that a property having frontage on more than one street will only be permitted access on the less traveled street. As previously indicated, Sawgrass Court is the less traveled street requiring access to the subject property be taken from Sawgrass Court. As such, an exception to the Street Design Criteria Manual must be granted to allow access to be taken from Padre Drive. Staff is recommending that this request be continued to the March 24, 2005 Planning Commission meeting to allow time for an exception to the Street Design Criteria Manual to allow access be taken from the higher traveled street be requested. Staff is recommending that a site plan be submitted with the exception request justifying the requested exception.
