

An aerial photograph of a residential and undeveloped area. A white outline delineates a specific tax increment district. The map shows a network of streets, including a main road at the top and a winding road on the left. A large, irregularly shaped parcel is outlined in white, extending from the top center down to the bottom right. Within this white-outlined area, there are several smaller parcels outlined in black. A small pond is visible in the lower right quadrant of the white-outlined area. The terrain appears to be a mix of developed lots and open, undeveloped land. The text "Revised 5th Street Tax Increment District #41 Aerial Map" is overlaid in the upper left quadrant.
