Planned Development Designation. The applicant is requesting an Initial and Final Planned Residential Development be approved to allow the construction of multi-family structures on the above legally described property.

The applicant has submitted a request to construct a 52 multi-family unit complex with four garages, parking lots, and a basketball and tennis court. The Planned Development is located adjacent to a single family residential district. Staff has reviewed the request and has noticed several items that need to be addressed prior to Planning Commission approval.

STAFF REVIEW: Staff has reviewed the Planned Commercial Development – Initial and Final Development Plan and has noted the following information must be submitted:

- A drainage plan for the Planned Development shall be submitted for review and approval as no drainage plan was submitted.
- A lighting plan for the Planned Development shall be submitted for review and approval as no lighting plan was submitted.
- A revised grading plan for the parking lots that meets the handicapped parking requirements shall to be submitted for review and approval.
- A revised site plan must be submitted for review and approval showing the parking lot(s) shifted to the north to meet the 15 foot setback requirements between a parking lot and a single family residential development or the applicant must demonstrate that a buffer is being provided between the parking lot(s) and the adjacent single family residential development.
- The site plan shows a basketball court within eight feet of the adjacent single family residential development. A revised site plan shall be submitted for review and approval showing the basketball court relocated away from the single family residential developments as to not create noise that may be injurious to the surrounding neighborhood or that the basketball court has been removed from the site.
- A revised landscaping plan shall be submitted for review and approval showing landscaping between the parking lots and the single family residence as required.

**Staff recommends that the Initial and Final application for the Planned Residential Development be continued to the February 9, 2006 Planning Commission to allow the applicant time to submit the requested information.**
