subject property. (See companion items #06PL001, 06CA001, 06SV001 and 06PD001.)

The property is located at the western terminus of W. Chicago Street and is currently void of any structural development.

STAFF REVIEW:

Staff has reviewed the Vacation of Right-of-way request and has noted the following considerations:

Signature(s): The property located along the east side of West Street is owned by the City requiring that authorized representative(s) from the City sign the Vacation of Right-of-way Petition. As such, staff is recommending that prior to Planning Commission approval, the applicant must obtain authorization from the City Council for the Mayor and Finance Officer to sign the Vacation of Right-of-way Petition.

Road Connection/Master Plan: The associated Layout Plat identifies that the applicant is proposing to construct a north-south commercial street through the subject property. Staff has reviewed the proposed location of the commercial street and has noted that it continues to provide roadway network continuity between properties with appropriate geometric positioning. In addition, the applicant has submitted a Master Plan demonstrating that street continuity and utility connections are being provided to the adjacent properties. As such, staff is recommending that the Vacation of Right-of-Way request be approved. However, the timing of the actual construction of the north-south commercial street and the vacation of West Street must be coordinated to insure that a physical street connection is being provided to adjacent properties as needed. As such, staff is recommending that the applicant enter into an agreement with the City to insure that West Street remains in place with adequate easement(s) being recorded at the Register of Deed's Office as needed and to insure the coordination of the removal and construction of access street(s) as needed.

On February 2, 2006, the applicant requested that this item be continued to the February 23, 2006 Planning Commission meeting. As such, staff is recommending that the Vacation of Right-of-way request be continued to the February 23, 2006 Planning Commission meeting as requested.
