REVIEWED BY	Mike Maxwell / Emily Fisher

## RECOMMENDATION:

Staff recommends that the Major Amendment to a Planned Commercial Development to allow a coffee kiosk, pharmacy and Post Office outlet be **continued to the April 20, 2006 Planning Commission:** 

<u>GENERAL COMMENTS</u>: (Update, March 29, 2006. All revised and/or added text is shown in bold print.) On March 23, 2006 the application for the Major Amendment to the Planned Commercial Development was continued to the April 6, 2006 Planning Commission at the applicant's request. The applicant has requested that the application for the Major Amendment to the Planned Commercial Development be continued to the April 20, 2006 Planning Commission to allow the applicant time to

## No. 06PD011 - Major Amendment to a Planned Commercial ITEM 20 Development to allow a coffee kiosk, pharmacy and Post Office outlet

## provide the additional requested information.

The subject property is located west of Timmons Boulevard and east of Elk Vale Road between Berniece Street and Homestead Street. On July 21, 2005 the Planning Commission approved a Planned Commercial Development (05PD039) to allow the construction of a grocery store with an on-sale liquor establishment.

The applicant is requesting a Major Amendment to the Planned Commercial development to allow a pharmacy, post office substation and a coffee kiosk in addition to the approved grocery store and on-sale liquor establishment.

- <u>STAFF REVIEW</u>: Staff has reviewed the application for the Major Amendment to a Planned Commercial Development and has noted the following issues:
- <u>Building Permit</u>: Staff noted that a building permit must be obtained prior to the initiation of construction.
- Landscaping: The landscaping plan meets or exceeds the required landscaping.
- <u>Parking</u>; Staff has reviewed the request and noted that 129 off-street parking stalls with five being handicapped accessible must be provided. Three stacking lane spaces are also required for the coffee kiosk. The submitted site plan shows the required three stacking lane spaces and one service lane as required by the 17.50.270 of the Rapid City Municipal Code. Staff noted that several parking stalls as proposed on the site plan as submitted do not meet the requirements of 17.50.270 of the Rapid City Municipal Code. As such, staff recommends that the site plan be revised removing the one employee parking space for the coffee kiosk and removing the two spaces on the eastern end of the coffee kiosk as they will impede the flow of traffic in the area of the coffee kiosk. Staff also noted that the site plans were not sealed by a professional engineer. Prior to approval by the Planning Commission a revised set of site plans stamped by a registered engineer shall be submitted for review and approval.

The applicant's site plan shows 134 parking spaces provide with six being handicap accessible and two van accessible spaces.

- <u>Setbacks</u>: The proposed coffee kiosk is set back 180 feet from the front of the property line along Timmons Boulevard. The submitted site plan shows that the proposed structure will be setback 42 feet from the south property line, 124 feet from the north property line and with a 60 feet rear yard setback. The proposed setbacks are in compliance with the zoning regulations.
- <u>Coffee Koisk</u>: The coffee kiosk is a 10 foot by 20 foot building constructed of nine inch logs. The structure is to be placed in the south parking lot. One service parking space and three stacking lane spaces running west to east along the south side of the coffee kiosk will be provided. The lanes will measure nine feet in width, 23 feet in length and will be arranged

## No. 06PD011 - Major Amendment to a Planned Commercial ITEM 20 Development to allow a coffee kiosk, pharmacy and Post Office outlet

end to end. Staff noted that several of the proposed parking stalls do not meet the requirements of 17.50.270 of the Rapid City Municipal Code. As such, staff recommends that the site plan be revised removing the one employee parking space as identified for the coffee kiosk. Also the two parking spaces on the east end of the coffee kiosk will need to be removed as they will impede the flow of traffic in the vicinity of the coffee kiosk.

Signage: The subject property has two frontages with 375 linear feet of street frontage along Timmons Boulevard and 375 linear feet of street frontage along Elk Vale Road. The total street frontage of the subject property is 750 feet. This would allow a total of 1,500 square feet of signage on the subject property. Currently the applicant has approximately 822 square feet of signage on the building. The applicant has proposed to construct a three foot six inch by ten foot wall sign for the Medicap Pharmacy. The sign will be a wall mounted sign measuring three foot six inches by ten feet, with internal illumination. The sign will identify the MEDICAP Pharmacy. The proposed sign will incorporate approximately 36 square feet of usable advertising area. The sign dimensions comply with the minimum size requirements as approved by Planning Commission on July 21, 2005, (05PD039).

Staff noted that the applicant did not submit any information regarding the size or location of any additional signage for the post office substation or the coffee kiosk. Prior to Planning Commission approval, the applicant must submit a detailed sign package including the size and location of any ground and wall signs. Staff recommends that no off-premises, flashing or electronic motion signs be permitted.

- <u>Site Plan Revisions</u>: Staff noted that the several parking stalls as proposed on the site plan as submitted do not meet the requirements of 17.50.270 of the Rapid City Municipal Code. As such, staff recommends that the site plan be revised removing the one employee parking space for the coffee kiosk and removing the two spaces on the eastern end of the coffee kiosk as they will impede the flow of traffic in the area of the coffee kiosk. Staff also noted that the site plans were not sealed by a professional engineer. Prior to approval by the Planning Commission a revised set of site plans stamped by a registered engineer shall be submitted for review and approval.
- <u>Legal Notification Requirement</u>: The receipts from the certified mailings have been returned. The sign has been posted on the property as required. Staff has not received any calls or inquires regarding this proposal.

Staff recommends the Major Amendment to a Planned Commercial Development to allow a pharmacy, post office substaion and a coffee kiosk be continued to the **April 20, 2006** Planning Commission **at the applicnats request** to allow the applicant time to submit additional information.
