No. 05SV061 - Variance to the Subdivision Regulations to waive the requirement to install curb, gutter, sidewalk, street light conduit and sewer as per Chapter 16.16 of the Rapid City Municipal Code

ITEM 23

the applicant to submit additional information.

GENERAL COMMENTS:

(Update, April 22, 2006. All revised and/or added text is shown in bold print.) This item was continued at the April 20, 2006 Planning Commission meeting to allow the applicant to address density and sewer issues relative to the subject property. On April 4, 2006, staff met with the applicant to further discuss the option of extending a sewer main from the City's sewer plant located east of the subject property to serve the proposed development. In particular, it was identified that the Public Works Committee and the City Council must review and approve the oversizing of the sewer main to be installed in order to insure that neighborhood properties as well as the subject property can be served. To date, the City Council has not approved the size of the sewer main to be extended to the subject property. On April 21, 2006, the applicant submitted revised construction plans showing sewer lines within the proposed development; however, to date, construction plans for the sewer main from the City's sewer plant to the subject property has not been submitted for review and approval. As such, staff is recommending that the Preliminary Plat be continued to the May 25, 2006 Planning Commission meeting to allow the Public Works Committee and the City Council to review this item and to allow the applicant to submit construction plans accordingly. Please note that no other part of this Staff Report has been revised.

(Update, April 8, 2006. All revised and/or added text is shown in bold print.) This item was continued at the April 6, 2006 Planning Commission meeting to allow the applicant to address density and sewer issues relative to the subject property. On April 4, 2006, staff met with the applicant to further discuss the option of extending a sewer main from the City's sewer plant located east of the subject property to serve the proposed development. In particular, it was identified that the Public Works Committee and the City Council must review and approve the oversizing of the sewer main to be installed. In particular, the City must review and approve the sewer main size not only to serve the subject property but neighborhood properties as well. As such, staff is recommending that the Preliminary Plat be continued to the May 4, 2006 Planning Commission meeting to allow the Public Works Committee and the City Council to review this item and to allow the applicant to submit construction plans accordingly. Please note that no other part of this Staff Report has been revised.

(Update, March 24, 2006. All revised and/or added text is shown in bold print.) This item was continued at the March 23, 2006 Planning Commission meeting to allow the applicant to address density and dry sewer issues relative to the subject property. To date, the information has not been submitted for review and approval. As such, staff is recommending that the Preliminary Plat be continued to the April 20, 2006 Planning Commission meeting to allow the applicant additional time to submit the information. Please note that no other part of this Staff Report has been revised.

(Update, March 12, 2006. All revised and/or added text is shown in bold print.) This item

was continued at the March 9, 2006 Planning Commission meeting to allow the applicant to address density and dry sewer issues relative to the subject property. To date, the information has not been submitted for review and approval. As such, staff is recommending that the Preliminary Plat be continued to the April 6, 2006 Planning Commission meeting to allow the applicant additional time to submit the information. Please note that no other part of this Staff Report has been revised.

(Update, February 24, 2006. All revised and/or added text is shown in bold print.) This item was continued at the February 9, 2006 Planning Commission meeting at the applicants' request to allow them to address density and dry sewer issues relative to the subject property. To date, the information has not been submitted for review and approval. As such, staff is recommending that the Variance to the Subdivision Regulations be continued to the March 23, 2006 Planning Commission meeting to allow the applicant additional time to submit the information. Please note that no other part of this Staff Report has been revised.

(Update, January 31, 2006. All revised and/or added text is shown in bold print.) This item was continued at the January 26, 2006 Planning Commission meeting at the applicant's request. The applicant has, subsequently, requested that this item be continued to the March 9, 2006 Planning Commission meeting to allow them to address density and dry sewer issues relative to the subject property. As such, staff is recommending that the Preliminary Plat be continued to the March 9, 2006 Planning Commission meeting as requested. Please note that no other part of this Staff Report has been revised.

(Update, January 14, 2006. All revised and/or added text is shown in bold print.) This item was continued at the November 23, 2005 Planning Commission meeting at the applicant's request. The applicant has, subsequently, requested that this item be continued to the February 9, 2006 Planning Commission meeting to allow them to address density and dry sewer issues relative to the subject property. As such, staff is recommending that the Variance to the Subdivision Regulations and the associated Preliminary Plat be continued to the February 9, 2006 Planning Commission meeting as requested. Please note that no other part of this Staff Report has been revised.

(Update, November 16, 2005. All revised and/or added text is shown in bold print.) This item was continued at the November 10, 2005 Planning Commission meeting at the applicant's request. The applicant has, subsequently, requested that this item be continued to the January 26, 2006 Planning Commission meeting to allow them to address density and dry sewer issues relative to the subject property. As such, staff is recommending that the Preliminary Plat be continued to the January 26, 2006 Planning Commission meeting as requested. Please note that no other part of this Staff Report has been revised.

(Update, October 31, 2005. All revised and/or added text is shown in bold print.) This item was continued at the September 22, 2005 Planning Commission meeting at the applicant's request. The applicant has, subsequently, requested that this item be continued to the November 23, 2005 Planning Commission meeting to allow them to address density and dry

No. 05SV061 - Variance to the Subdivision Regulations to waive the requirement to install curb, gutter, sidewalk, street light conduit and sewer as per Chapter 16.16 of the Rapid City Municipal Code

ITEM 23

sewer issues relative to the subject property. As such, staff is recommending that the Preliminary Plat be continued to the November 23, 2005 Planning Commission meeting as requested.

The applicant has submitted a Variance to the Subdivision Regulations to waive the requirement to install curb, gutter, sidewalk, street light conduit and dry sewer. In addition, the applicant has submitted a Preliminary Plat to create 22 residential lots to be known as Phase One of the Prairiefire Subdivision. (See companion item #05PL159.)

On September 8, 2005 the Planning Commission recommended that a Preliminary Plat to create two lots as a part of the Prairiefire Subdivision located directly east of the subject property be continued to the September 22, 2005 Planning Commission meeting at the applicant's request. In addition, the Planning Commission recommended that an associated Variance to the Subdivision Regulations to waive the requirement to install curb, gutter, sidewalk, street light conduit, sewer, to dedicate additional right-of-way and to allow platting half a right-of-way be continued to the September 22, 2005 Planning Commission meeting at the applicant's request. (See companion items #05PL157 and 05SV060.)

The property is located at the western terminus of Mondo Street and is currently void of any structural development.

STAFF REVIEW:

The applicant has requested that this Variance to the Subdivision Regulations and all three associated items as identified above be continued to the March 9, 2006 Planning Commission meeting to allow them to address density and dry sewer issues relative to the subject property. As such, staff is recommending that the Preliminary Plat be continued to the March 9, 2006 Planning Commission meeting as requested.
